Chapter 4 : North Arlington, New Jersey Facts for Kids | racedaydvl.com

The Borough of North Arlington had a population of 15, as of July 1, North Arlington ranks in the upper quartile for Population Density and Diversity Index when compared to the other cities, towns and Census Designated Places (CDPs) in New Jersey.

History Highlights of Arlington The Town of Arlington was originally settled in as a village under the name Menotomy. In , the Town and a section of what is now Belmont were set off from Cambridge and incorporated as West Cambridge. In , the name was changed to Arlington in honor of the heroes buried at Arlington National Cemetery in Arlington, Va. When the first settlers made an agreement in with Squaw Sachem, she reserved the right to maintain some land near the Mystic Lakes for her use and required as part payment, a new English woolen coat every year for as long as she lived. This area was called Menotomy, an Algonquian word. Two years later, Captain George Cooke took advantage of the swift running water in Mill Brook by building the first mill in this area. Farmers from Cambridge, Woburn, Watertown, and Medford brought their grain to the mill to be ground into flour. The school, located at what is now the cemetery on Pleasant Street, was completed in and stood there for more than years. Arlington then called Menotomy played a prominent role on the first day of the American Revolution - April 19, Minutemen from surrounding towns converged on Menotomy to ambush the British on their retreat from Concord and Lexington. Uncle Sam was born in Menotomy. Samuel Wilson was almost nine years old when the Battle of Menotomy took place. He started a meat-packing business in Troy, N. People say that the U. Army during the War of stood for Uncle Sam. Though much of the cemetery has since been developed, a geophysical survey of the site in found remains of the original gate and an obelisk. Arlington now is a town of homes with little or no industry or agriculture, but at one time seven mills operated along Mill Brook when it was a mightier stream than it is today. An ice industry thrived on Spy Pond. Ice harvested there was transported to Boston for shipment to the South and even India. California put the farms out of business when refrigerated trains came into use. Augustin Thompson, developed in , a syrup he called Moxie Nerve Food and marketed it as a tonic to aid digestions. In , he changed Moxie to a carbonated soft drink that at first was also marketed as a tonic with extravagant claims that it would cure all sorts of ailments. A few years later Moxie was marketed exclusively as a delicious and refreshing drink, and for a while, was the most popular soft drink in the U. In fact, it became so popular that the word moxie became part of our language meaning energy, courage or guts. Moxie is still enjoyed by many people and can be obtained in local supermarkets. Born in a log cabin in Utah and where as a boy he played with Indians, Cyrus Dallin showed talent at a young age in art and model making. Later Cyrus studied in Paris. Cyrus Dallin spent his adult life in Arlington; his children and grandchildren grew up here. He is especially known for the heroic-size bronze of Paul Revere near the Old North Church, which reminds us of our national heritage. Arlington th Anniversary "Prepared and published by authority of the committee of the town of Arlington appointed to make arrangements for the celebration of the one hundredth anniversary of the incorporation of the town" reads the opening comments of the book Town of Arlington Past and Present: The board hires a professional manager to administer the daily operations of the government. The legislative branch is a Town Meeting made up of representatives, elected from each of the 21 precincts.

What's funny is that each I had no idea until a few years ago Six Flags Over Texas is the first and original Six Flags theme park. By no means is this a complete list of cool Arlington facts. But it is a list of information that surprised me once I learned about them.
