

**Chapter 1 : United States Department of the Navy - Wikipedia**

*Department of the Navy employees are busy juggling work and family and it is not unusual to encounter difficulties with stress, family, relationships, alcohol, work, or other issues which impact their quality of life.*

The Secret Space Program was created right under your feet and no one bothered telling you. Be careful what you ask for. Some are quite ordinary. The slit eyes helps them to hypnotize people. Nordic Aliens and reptilians and other species have been harvesting humans from planet earth for centuries. This is a major reason for the current craziness in politics and the media. The most valuable products of these harvests are hormones, life force, DNA and other substances which can extend the life of Nordic aliens for many hundreds of years, and is likely the most valuable product in the universe. There will be a project plan that they use for each planet. The bible does not go into detail concerning the races that existed before the Adamic Race was formed. These pre-adamic races of black, brown, red, yellow and possibly a race of blue skinned people that live underground must have suffered a great cataclysm of some kind, possibly a destruction as outlined in the books by Immanuel Velikovsky. The Adamic race was formed to accomplish a certain task. It was obvious that Satan would try to destroy it. In Genesis Chapter 5 the descendants of Adam are listed and nowhere is Cain, the offspring of the Nacash, mentioned. Note that in Genesis 3: This is a literal war between two separate races. Since those days, this Adamic appearing, Nordic race has mixed the Nacash genetics with every other race on earth, resulting in the enslavement of mankind to every type of sin as well as the control of every government on earth. This movie has the same concept the Nordics wish you to believe: You have your own race white, black, red, yellow. Looking back into history, we can easily see that the Guiding Hand of Providence Lucifer has chosen the Nordic people to bring in and unfold the new order of the world. Was Atlantis peopled by Nordic aliens? Be not deceived; God is not mocked: For he that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting. Read Freemasons Must Die. From to , Tompkins started as a draftsman, and later became section chief with the Douglas Aircraft Company. Here he says that he worked with two attractive female Nordic extraterrestrials who were employed as secretaries, and they telepathically guided him in the designs for the more advanced space craft that would eventually be secretly built by the U. Navy had reached a secret agreement with a friendly group of extraterrestrials in the early s to develop their own space program. I believe that the truth is far, far worse. I submit that the history of mankind points to the fact that the Nordic race, assisted by Lucifer, the fallen angels and whatever other types of life that fight against God, have created and nurtured our so-called civilization for the primary purpose of harvesting the inhabitants of planet earth for the conversion of materials necessary to their own civilization. Our governments were created to serve them. And by some set of rules that they follow, but that we know nothing about, they must tell us what their plans are. Time is the single most precious commodity in the universe. It comes from people. Each unit is refined from approximately human beings. There are thousands of planets like yours, set up for families like mine, to supply an ever increasing demand for more time. Not unlike butchering a herd of cattle. And this entire enterprise is just a small part of a vast and beautiful machine, defined by evolution designed for a single purpose, to create profit.

Truman Building, Washington, D. Who can apply for a security clearance? Individuals cannot initiate a security clearance application on their own. Rather, the Bureau of Human Resources determines whether a Department of State position will require a security clearance based upon the duties and responsibilities of the position. If the position requires access to classified information, then a personnel security background investigation must be conducted. This is only done after a conditional offer of employment is given to an individual. Do you have to be a U. As outlined in Executive Order , Access to Classified Information, eligibility for access to classified information may only be granted to employees who are United States citizens. However, an exception is allowed in specific situations wherein there are compelling reasons for limited access to be granted to an immigrant alien or foreign national employee who possess a special expertise that is needed for specific programs, projects, contracts, licenses, certificates, or grants. What is the purpose of a security clearance? The purpose of a security clearance is to determine that a person is able and willing to safeguard classified national security information, based on his or her loyalty, character, trustworthiness, and reliability. How is it decided what level of clearance a person receives? The Bureau of Human Resources determines whether a Department of State position will require a security clearance, as well as the level required, based upon the duties and responsibilities of the position. How many types or levels of security clearance are there? There are three levels of security clearance, with the highest level being Top Secret. Secret is the next level of clearance and Confidential is the final. What work does each clearance allow a person to do? A clearance allows a person filling a specific position to have access to classified national security information up to and including the level of clearance that they hold, so long as the person has a need to know the information. Will my clearance be transferable to other federal agencies? Also considered is whether there have been any significant changes in your situation since your last investigation. Some federal agencies might have additional investigative or adjudicative requirements that must be met prior to their accepting a clearance granted by another agency. How long is my security clearance good for after I leave the federal government? Can I transfer my security clearance for private sector employment? Security clearances only apply to positions that fall under the purview of the federal government. As stated in Executive Order , Access to Classified Information, security clearances are only granted to persons "Employed by, detailed or assigned to, an [executive] agency, including members of the Armed Forces; an expert or consultant to an agency; an industrial or commercial contractor, licensee, certificate holder, or grantee of an agency, including all subcontractors; a personal services contractor; or any other category of person who acts for or on behalf of an agency as determined by the appropriate agency head. Does having a security clearance guarantee employment with the State Department? The hiring process addresses whether someone will be initially selected for a particular position within the State Department. The security clearance process does not begin until after a conditional offer of employment is given. Who does the records checks? The Office of Personnel Security and Suitability, Bureau of Diplomatic Security, conducts all national agency and credit history checks in support of their investigations. Diplomatic Security investigators located worldwide conduct all other investigative leads, which includes local law enforcement checks. Are members of my family or people living with me subject to a security check? Additional investigations may be conducted when the spouse or cohabitant is a foreign national. For what reasons would I be denied a security clearance? Various reasons exist for why someone may be denied a security clearance. The adjudicative guidelines include: How often is a security clearance renewed? An individual is normally subject to periodic reinvestigation at a minimum of every 5 years for a Top Secret level clearance and every 10 years for a Secret level clearance. What are some typical delays that occur in the security clearance process? Some of the most common areas of delay include the submission of incomplete security packages, poorly collected fingerprints, and investigations that involve coverage of extensive overseas activities. Individuals can help expedite the process by ensuring they have

completed all forms in a thorough and accurate manner; familiarizing themselves with the appearance of a properly rolled set of fingerprints , so they know theirs are done properly; and when possible, providing stateside references that can verify foreign activities. How long does it take to process a typical security clearance? Each case varies, but the general time averages about days. The Department of State has recently initiated a goal to render a security clearance decision in 90 days. Is there an appeal process? If you are denied a security clearance, or your continued eligibility for access to classified information is revoked, you will be notified of the reasons and be provided with the procedures for filing an appeal. You will be given the opportunity to address any derogatory information that was gathered during the investigation and either correct or clarify the situation. What can I do in advance to ease the process of my background investigation? Detailed information is required to conduct a background investigation. Information such as complete names, addresses, telephone numbers, and dates of birth for relatives will be required. Print the Questionnaire for National Security Positions Standard Form 86 and begin collecting that information so you will have it ready when asked. Where can I get assistance completing my security clearance package or inquire into the status of my security clearance? For assistance with completing your security clearance package or to inquire into the status of your security clearance, email SecurityClearance@state.gov.
