The work is included in the Khuddaka Nikaya "Minor Collection" of the Sutta Pitaka, but its popularity has raised it far above the single niche it occupies in the scriptures to the ranks of a world religious classic. According to the Theravada Buddhist tradition, each verse in the Dhammapada was originally spoken by the Buddha in response to a particular episode. Accounts of these, along with exegesis of the verses, are preserved in the classic commentary to the work, compiled by the great scholiast Bhadantacariya Buddhaghosa in the fifth century C. The contents of the verses, however, transcend the limited and particular circumstances of their origin, reaching out through the ages to various types of people in all the diverse situations of life. For the simple and unsophisticated the Dhammapada is a sympathetic counsellor; for the intellectually overburdened its clear and direct teachings inspire humility and reflection; for the earnest seeker it is a perennial source of inspiration and practical instruction. Insights that flashed into the heart of the Buddha have crystallized into these luminous verses of pure wisdom. As profound expressions of practical spirituality, each verse is a guideline to right living. The Buddha unambiguously pointed out that whoever earnestly practises the teachings found in the Dhammapada will taste the bliss of emancipation. Due to its immense importance, the Dhammapada has been translated into numerous languages. In English alone several translations are available, including editions by such noted scholars as Max Muller and Dr. However, when presented from a non-Buddhist frame of reference, the teachings of the Buddha inevitably suffer some distortion. This, in fact, has already happened with our anthology: Some years earlier, while consulting a number of English-language editions of the Dhammapada, it was observed that the renderings were too free and inaccurate or too pedantic, and it was therefore felt that a new translation avoiding these two extremes would serve a valuable purpose. The finished result of that project, presented here, is a humble attempt by a practising follower of the Buddha to transmit the spirit and content, as well as the language and style, of the original teachings. In preparing this volume I have had access to numerous editions and translations of the Dhammapada into various languages, including Sanskrit, Hindi, Bengali, Sinhala, Burmese and Nepali. A few verses contain riddles, references or analogies that may not be evident to the reader. Verses discussed in the notes are indicated in the text. A first edition of this translation was published in and a second in , both by the Maha Bodhi Society in Bangalore, India. For this third edition, the translation has undergone considerable revision. I am grateful to the editors of the Buddhist Publication Society for their helpful suggestions, and to the Society itself for so generously undertaking the publication of this work. I make this offering of Dhamma in grateful memory of my teachers, parents and relatives, departed and living. May all beings be happy!

I have been working on an article about different editions of the Dhammapada and have found so far around eighty different translations in English and Hindi. I have consulted a number of sources, such as the La Trobe Library Catalogue, the catalogue of the University of Chicago, and the page on the Dhammapada in wikipedia. Twin Verses Yamaka-vaggo [edit] 1. All that we are is the result of what we have thought: If a man speaks or acts with an evil thought, pain follows him, as the wheel follows the foot of the ox that draws the carriage. If a man speaks or acts with a pure thought, happiness follows him, like a shadow that never leaves him. For hatred does not cease by hatred at any time: He who seeks his own happiness by hurting or killing beings, never finds happiness and will not escape from his sufferings. He who seeks his own happiness not by hurting or killing beings but by purifying oneself; will find happiness and ends all sufferings. Do not speak harshly to anyone; those who are spoken to will answer you in the same way. Indeed, Angry speech is painful and retaliation may overtake you. Self Atta-vaggo [edit] If a man hold himself dear, let him watch himself carefully; during one at least out of the three watches a wise man should be watchful. Let each man direct himself first to what is proper, then let him teach others; thus a wise man will not suffer. With self well subdued, a man finds a refuge such as few can find. The evil done by oneself, self-begotten, self-bred, crushes the foolish, as a diamond breaks a precious stone. He whose wickedness is very great brings himself down to that state where his enemy wishes him to be, as a creeper does with the tree which it surrounds. Bad deeds, and deeds hurtful to ourselves, are easy to do; what is beneficial and good, that is very difficult to do. The foolish man who scorns the rule of the venerable Arahata, of the elect Ariya, of the virtuous, and follows false doctrine, he bears fruit to his own destruction, like the fruits of the Katthaka reed. By oneself the evil is done, by oneself one suffers; by oneself evil is left undone, by oneself one is purified. Purity and impurity belong to oneself, no one can purify another. World[edit] Rouse yourself, be diligent, in Dhamma faring well. The Buddha The Awakened Buddha-vaggo [edit] The Way Magga-vaggo [edit] You yourself must make an effort. The Tathagatas Buddhas are only preachers. The thoughtful who enter the way are freed from the bondage of Mara. Men, driven on by thirst, run about like a snared hare; let therefore the mendicant drive out thirst, by striving after passionlessness for himself. Buddhadatta, Colombo Apothecaries, ?
