Chapter 1 : HELL BURNS: TV SERIES: "GOD FRIENDED ME"

E-mail from God by Curt and Claire Cloninger is the one book I look to when I need help in this world. This book is written in a form of an email from God to a teenager who might have some problems in his/her life.

The subject is so raw and so controversial that any serious discussion is likely to generate barrages of fire from within the church and without. You may know Perry from her albums, her spoken word performances, or her conference talks. Now you can get to know her in a whole new way—through this account of her life. *Sponsor Become a Patron* Her book is divided into three parts—the first tells who she was and the second who she became, while the third takes a close look at the issue of same-sex attraction. The first two, then, are primarily biographical while the remaining one is didactic. The first two tell how she awoke to her same-sex attraction and began to pursue it, while the remaining one describes the scriptural truths that made all the difference. So who was Jackie Hill Perry? She was a sinner. She was a sinner like you and me who experienced particular traumas—fatherlessness and childhood sexual abuse—and who experienced a particular temptation to sin—same-sex attraction. She became involved in lesbian relationships, taking on the part of the dominant, more masculine partner. Yet she was haunted. She was haunted by the knowledge that God is. Haunted by the knowledge that he had a claim on her. Haunted by the knowledge that her life was not pleasing to him. Haunted by the knowledge that God was trying to get her attention. Obviously, whatever was being asked of Him, regarding me, was making my little sinful world spin. It was dizzying to live on now-a-days. Trying to stand up straight or should I say, queer, made everything I loved, mainly myself and my girlfriend, blurry. The choice to lay aside sin and take hold of holiness was not synonymous with heterosexuality. If marriage ever came or singleness called me by name, He wanted to guarantee by the work of His hands that both would be lived unto Him. She came to God through the gospel of Jesus Christ and soon learned she would need to live by that same gospel. Her same-sex attraction was not immediately zapped away, but slowly, steadily put to death as she came alive to righteousness. In a body without the Spirit, sin is an unshakable king under whose dominion no man can flee. But when the Spirit of God takes back the body that He created for Himself, He sets it free from the pathetic master that once held it captive and releases it into the marvellous light of its Saviour. It is then able to not only want God, but it is actually able to obey God. The ability to not do as I please, but the power to do what is pleasing. She first makes it clear: Perry is a sound theologian who uses the Bible faithfully. She is also a skilled wordsmith with a rare ability to articulate herself well. She tells her story, but her story is not the main point. She wants to point far beyond herself, and she succeeds admirably.
