

## Chapter 1 : Your Organic Kitchen : The Essential Guide to Selecting and Cooking Organic | eBay

*The Essential Kitchen Design Guide is an indispensable tool and an essential addition to the professional libraries of architects, interior designers, and anyone interested in pursuing the finest in kitchen design.*

The OXO good grips cutting board is dishwasher safe and is built from odor-resistant polypropylene - meaning it will last a long time. But we can confirm that upgrading to a cutting board like this will bring you joy in the kitchen every time you use it. You have to take better care of this cutting board than our plastic recommendation; by cleaning it immediately after use and avoiding the dishwasher. This is a 5-in-1 can opener that pulls tabs, crowns caps, unscrews tops, and opens jar lids and cans safely, easily, and cleanly. We have one of these beauties in our kitchen Mealime green, of course and it is an absolute pleasure to use. We actually look forward to opening cans, believe it or not. You may not think that measuring cups can be anything special. Any set will do, right? Well as it turns out, great design can extend all the way down to measuring cups. This stackable set of measuring cups from Kitchenmade has all sorts of smart features that eliminates the small frustrations that measuring cups often bring about. Pick these up today and never replace your measuring cups again. After testing different measuring spoons, we settled on this set ourselves and use them in our kitchen every single day. Plus, these bowls stack easily for simple storage. No multi-tasking here, but this is a high quality peeler that will stand the test of time. We chose this flip potato masher from Prepara for a few important reasons. Third, it has only 5 star reviews on Amazon and is very highly recommended. This 9-inch whisk from OXO Good Grips fits great in the hand and is perfect for whisking together salad dressings, sauces, eggs, desserts, and much more. We especially love this salad spinner because the strainer basket can be used for draining pasta and the bowl for serving. So what does this mean, exactly? It means choosing multi-purpose tools and avoiding single-purpose tools whenever possible. Instead of purchasing different types of graters, a zester, and a chiffonade, why not choose one tool that can do it all? This 7-in-1 box grater from Cuisipro can grate citrus, fine, coarse, ultra-coarse, parmesan, shave, slice and even has a ginger grater. The blades even separate for easy cleaning. With reviews and a 5 star rating, these shears are a fantastic value and deserve a spot in your kitchen. Juicing a lemon or lime is one of those tasks! It fits lemons, limes, and oranges, and makes squeezing juice a joy. Basically, a garlic press is nice to have and does make crushing garlic easier. You can peel and chop with it, and the small tip is great for fine work like coring strawberries or similar. This workhorse of a knife deserves a spot in your kitchen. Paring Knife Budget For a much cheaper alternative, the Victorinox 4 inch paring knife is a great buy. Bread Knife Budget A cheaper, yet high quality alternative that we use most frequently in our home, is the Victorinox Because this honing rod is made of hard ceramic, however, it is capable of both sharpening and honing your knives. You can still purchase a sharpener shown below, but this ceramic honing rod is all that we use to maintain our Global knives, and it works like a charm. What more could you want? Our simple meal planning service can save you hours each week and a ton of stress. Eat healthy with a personalized meal plan and get back to your busy life. Plus, it comes at a fantastic price for the quality. This makes it easier to cook sauces and sear and braise meat than a skillet. Just like the other All Clad picks in this article, we chose this pan because of its high quality construction, fantastic reviews, and made in USA quality guarantee. Suffice to say, this small saucepan is fantastic value and is a high quality item that will last you as long as your cooking career lasts which we hope is a very long time! Their made in USA high-quality construction and beautiful design sets them apart from their competitors, but their prices are set to match their quality. Choose this small saucepan if you want the best quality cookware that money can buy. It is dishwasher and oven safe and can even be put under the oven broiler. It is made in the USA from stainless steel and has nothing but glowing reviews from its 5 star rating on Amazon. This large pot is perfect for cooking pasta, large dishes, or even for making your own broth. It is dishwasher and oven safe even on broil and was designed with simple pouring in mind. Pick up this "steal of a deal" pot and relax knowing you purchased a high-quality item at a fantastic price. Our recommended cast iron skillet is made of high-quality materials in the USA and is very reasonably priced! For summer dishes like burgers, roasted salmon, meatballs, and marinated vegetables, a grill pan is a must. It creates tantalizing grill

lines in your food, just like a barbecue does. We use two of these sheets in our kitchen while testing new recipes. After plenty of use, they still look great and perform perfectly. For those lazy times you want to throw a one-dish meal into the oven like lasagna or a casserole, a quality casserole dish is a must. This casserole dish from HIC is made of fine white porcelain and is broiler, microwave, and dishwasher safe. That means that a lazy one-dish meal also is simple to clean. What could be better? Broiling is great when you want your food to get a nice brown crusty top. Our experience with this broiler pan from Range Kleen is that it is sturdy and easy to clean you can even throw it in the dishwasher. Plus, this pan is super inexpensive. Anytime you want to make an extra large meal is also a great reason to use a stock pot. Stockpot Premium Our premium pick is this quart stockpot from All Clad. Once again, this is an optional option, but if you often make stock, broth, and soups, this is a great premium pick.
