We are writing on behalf of our client, Harmony Gold Mining Company Limited, a corporation organized under the laws of the Republic of South Africa "Harmony", in connection with its Further Offers as defined below to acquire all of the issued and outstanding ordinary shares, nominal value Rand 0. We refer to our letter dated November 19, the "November Letter" to Ms. Brigagliano, which sets forth additional information about Harmony, Gold Fields and the Offers as defined below and pursuant to which the Securities and Exchange Commission the "Commission" granted certain exemptions from the Securities Exchange Act of , as amended "Exchange Act", and rules adopted by the Commission thereunder, and the staff "Staff" of the Commission indicated that it would not recommend enforcement action pursuant to such rules in connection with the Offers. We hereby respectfully request that the Staff confirm that it will not recommend enforcement action in respect of the expiration of the Initial Offering Period as defined below and settlement of tendered Gold Fields securities upon satisfaction or, to the extent permitted, waiver of all of the Further Conditions as defined below, but prior to the scheduled expiration of the Initial Offering Period, as extended, so long as i the Further Offers have been open for at least 20 U. Pursuant to the terms of its Further Offers, in connection with its efforts to acquire the entire issued and outstanding ordinary share capital of Gold Fields including Gold Fields ordinary shares represented by Gold Fields American depositary shares "ADSs", Harmony is offering to exchange: In the first transaction the "Initial Offers", Harmony made offers for In the second transaction the "Further Offers", Harmony is making offers for the entire issued and outstanding ordinary share capital of Gold Fields including Gold Fields ordinary shares represented by Gold Fields ADSs not currently held by Harmony. The Further Offers comprises two separate offers: Offer", and a South African offer open to holders of Gold Fields ordinary shares other than Gold Fields ordinary shares represented by Gold Fields ADSs that are located in South Africa and to holders of Gold Fields ordinary shares other than Gold Fields ordinary shares represented by Gold Fields ADSs that are located outside of South Africa and the United States, if, pursuant to the local laws and regulations applicable to those holders, they are permitted to participate in such offers the "Further South African Offer". As a result of the Initial Offers, Harmony holds approximately Gold Fields has not provided comprehensive information as to the beneficial ownership of the Gold Fields securities as at any date. We note that this register does not contain comprehensive information as to the beneficial ownership of Gold Fields securities. Harmony does not have sufficiently reliable data on the basis of publicly available information and the other materials provided by Gold Fields to conclude that the percentage of Gold Fields securities held by U. Furthermore, the information as to Gold Fields securities provided by Gold Fields does not permit Harmony to calculate "record ownership" in accordance with Rule 12g a under the Exchange Act, as is specified in the instructions to paragraphs c and d of Rule 14d Harmony is unable to rely on the presumption to Instruction 3 to Rule 14d-1 d because its adviser, HSBC Bank plc, has advised that aggregate trading volume of Gold Fields securities on all U. For the reasons set forth above, Harmony is therefore unable to conclude that it is eligible for Tier II Relief. Description of the Further Offers As described above, Harmony has structured its proposed acquisition of Gold Fields as two temporally separate tender offers: The Initial Offers were made for As a result of the Initial Offers, Harmony acquired approximately The Further Offers are being made for the entire issued and outstanding ordinary share capital of Gold Fields including Gold Fields ordinary shares represented by Gold Fields ADSs not currently held by Harmony and have already commenced. The Further Offers comprise the Further U. Offer and the Further South African Offer. Offer are being made by means of a U. The Further Offers are structured so as to be conducted in accordance with i the U. The Code provides a comprehensive scheme for the regulation of South African tender and exchange offers. We have been advised by Cliffe Dekker, Inc. City Code on Takeovers and Mergers. As described in the November Letter, in order to comply with Rule 14d-7 under the Exchange Act, Harmony has structured the Further Offers so as to provide all tendering Gold Fields security holders with the

right to withdraw any Gold Fields securities tendered during the Initial Offering Period. Further Conditions The conditions. The Further Offers are subject to the following conditions collectively, the "Further Conditions": Harmony will not be obligated to purchase any tendered Gold Fields securities pursuant to the Further Offers unless the Further Conditions have been satisfied or, to the extent permitted, waived. Pursuant to rule South African time, New York City time, on January 31, On March 1, , applied for relief under rule On March 9, the SRP granted such relief. The consequence of any Further Condition not being satisfied or waived on or prior to time set for its satisfaction or waiver is that the Further Offers would lapse, unless the SRP grants one or more further extensions. Status of Further Conditions. As described below, Harmony waived the Acceptance Condition on January 27, The Commission granted its order of effectiveness in relation to the Further Registration Statement at 5. To date, only the Competition Condition remains unsatisfied. The Competition Condition must be satisfied on or prior to As described in the November Letter, Harmony has irrevocably undertaken not to waive the Further Effectiveness Condition and is not permitted under South African law 5 to waive the Competition Condition. Upon conclusion of the pre-hearing, the Competition Tribunal indicated on February 25, that it would hold a public hearing in order to consider the Further Offers on May 3, 4, 5 and 6, collectively, the "Hearing Date". After completion of the public hearing, the Competition Tribunal will, within ten South African business days of the Hearing Date, issue a certificate i approving the Further Offers, ii approving the Further Offers subject to specified conditions 7 or iii enjoining the Further Offers. The final ruling of the Competition Tribunal is therefore expected to occur between May 6, and May 20, Offer commenced on December 3, ; both Further Offers are currently pending. The initial offering period of the Further Offers was originally scheduled to expire on February 4, , which is in excess of the 20 U. On January 14, Harmony applied for relief under rule Accordingly, Harmony elected to extend the Initial Offering Period voluntarily until On March 1, , applied for further relief under rule In this Letter, the "Initial Offering Period" refers to the period from December 3, until May 20, , unless such period is extended again, in which case, the term shall be construed accordingly. While it is anticipated that the Competition Tribunal will provide its ruling on or about the time of expiration of the Initial Offering Period, as subsequently extended and that the Competition Condition and all other Further Conditions would then be satisfied , it is possible that the Competition Tribunal could rule after this date in which case the Further Offers would lapse, unless the Initial Offering Period has been extended accordingly and it is also possible that the Competition Tribunal could rule before this date. As such, while it is possible that Gold Fields securities tendered into the Further Offers will be accepted on the last day of the Initial Offering Period, as subsequently extended, if the Competition Tribunal rules earlier and if all other Further Conditions have then been satisfied or, to the extent permitted, waived, then, as a matter of South African law, acceptance and settlement could precede the date set for expiration of the Initial Offering Period. As described in the November Letter, as soon as the Initial Offering Period terminates, Harmony will, in accordance with South African market practice, provide for a subsequent period the "Subsequent Offering Period" in compliance with Rule 14d under the Exchange Act affording Gold Fields security holders further opportunity to tender their Gold Fields securities. As described in the November Letter, Gold Fields security holders will not have withdrawal rights during the Subsequent Offering Period. Relief Requested Requirements of the Code. As a matter of South African market practice and in order to ensure satisfaction of rule Harmony therefore intends to accept and issue instructions to commence settling tendered Gold Fields securities as soon as practicable after the last of the Further Conditions which is expected to be the Competition Condition has been satisfied, even if prior to the scheduled expiration of the Initial Offering Period as then extended , as at this point the Further Offers will have become unconditional for purposes of the Code. Furthermore, unless Harmony is permitted to accept and commence settling tendered Gold Fields securities shortly after the time at which the last Further Condition is satisfied, there is a substantial risk that it will be unable to comply with rule Regulations 14D and 14E. Regulations 14D and 14E under the Exchange Act are designed to ensure that security holders in a tender offer have appropriate information about the terms of the offer and sufficient time to consider such information in deciding whether or not to tender, sell in the market, or hold their securities. Harmony does not believe that satisfaction of the Competition Condition would constitute a material change to the Further Offers. In

addition, Harmony will issue a press release the "Settlement Release" reasonably designed to inform security holders in the United States, South Africa and elsewhere as promptly as practicable upon satisfaction of the Competition Condition. To the extent practicable in the circumstances and as expressly permitted by the SRP, Harmony would also defer for a period of 24 hours the settlement of tendered Gold Fields securities and advise Gold Fields security holders by means of the Settlement Release to withdraw their tenders immediately if they no longer wish to tender their Gold Fields securities into the Further Offers. As discussed above, the Pre-hearing Date was February 25, Pursuant to the Competition Act, the Competition Tribunal must provide its ruling with the result that the Competition Condition will be satisfied or the Further Offers will lapse within ten South African business days of the Hearing Date. In other words, Harmony anticipates that it will give Gold Fields security holders notice as to developments in the Further Offers relating to the Competition Condition i 70 calendar days prior to Hearing Date, ii up to thirteen South African business days prior to the date on which the Competition Condition is satisfied and iii again on the date on which the Competition Condition is satisfied. We hereby respectfully request that the Staff confirm that it will not recommend enforcement action in respect of the expiration of the Initial Offering Period and settlement of tendered Gold Fields securities upon satisfaction or, to the extent permitted, waiver of all of the Further Conditions, but prior to the scheduled expiration of the Initial Offering Period, as extended, so long as i the Further Offers have been open for at least 20 U. We note that in the transactions described in these letters, tendering security holders were given notice as to the imminent reduction of the minimum tender condition and were given five U. Unlike the situation proposed by Harmony, however, each of these letters involved a material change to the offer. Harmony proposes merely to accept and settle tendered securities upon satisfaction of the last Further Condition - the Competition Condition - a condition to the Further Offers that has existed since the commencement of the Further Offers, is disclosed in the Further U. Prospectus, the status of the satisfaction of which will be disclosed via numerous press releases and is entirely outside of the control of Harmony. Finally, we note that pursuant to the Code and in compliance with South African Market practice, in South Africa offerors in practice accept and settle tendered securities as soon as the offer becomes or is declared unconditional. While this practice differs from the practice in the United States, Harmony has undertaken extensive disclosure to bring this feature of the Further Offers to the attention of Gold Fields security holders. Please do not hesitate to contact the undersigned at 44 20 with any questions regarding this matter.

Area D, Section 4, Apt. May 25, Dear Mrs. It is such a great event when anything comes to us from the outside. And those cookies were simply delicious! Thank you, too, for your trouble in forwarding the two boxes of canned goods and for your very nice letter. Several things were left in the house by either Mrs. Morishita or myself which we now realize we should have brought. If you have not already thrown them out, I wonder if you would be good enough to send us the following with someone who might be coming down to Puyallup in a car: I merely mentioned them just in case they are still lying around the house. As for life in camp here, we are gradually getting accustomed to the routine. Area D, being the last to be occupied, is still woefully lacking in necessary facilities. Laundry and shower facilities are very inadequate, and for more than people there is only one kitchen and mess hall. Camp Harmony is divided into four distinct areas, with no inter-area visiting allowed except for the privileged few whose staff activities entitle them to special permits. The medical center is not yet equipped for hospital care so patients needing hospitalization are sent to the Pierce County Hospital, but cannot be accompanied by anyone. One group is leaving tomorrow for the Tulelake Relocation Area in northern California. Here each family unit is separated from neighbors on both sides by partitions that do not reach the ceiling. We realize that this is supposed to be only a temporary arrangement and so the people here are trying to make the best of the situation. Out of this experience will come a deeper appreciation of so many things which we formerly took for granted. I shall try to keep you informed about ourselves from time to time and I hope you will let us know how you are getting along. Thank you again for all your kindness. Sincerely, â€” See more letters in the Gates Family Collection here.
