

Chapter 1 : Bedtime Stories by Between the Sheets

In Between the Sheets is Ian McEwan's second short story collection, after First Love, Last Rites - both published early in his career, in and , and both containing very dark and disturbing literary experiments.

Specifically, writing about it. Sex itself can be awkward enough, but describing it? Without sounding like a goofball? That can be tough. But you can write sex with a deft hand, with skill and grace, in a way that reveals character and emotion. For five years she ran the In The Flesh Erotic Reading Series, and has conducted readings and taught erotic writing workshops across the country. Students will be asked to write a prompt-driven erotic scene with particular attention to fresh imagery and avoidance of cliché. From Humor to Heartache: Setting the Mood Erotica is not necessarily about shiny happy people having the best orgasms of their lives on every page though you will find plenty of happy people enjoying their sexuality. Erotica may or may not have a traditional happy ending pun intended. Students will respond to story prompts incorporating humor and heartache respectively using the same set of characters. Motivation Why is erotica about more than just a sex scene? How can you enhance the sex scenes in your stories by adding conflict, backstory and motivation? How does writing about characters fundamentally different from you push you to explore the genre, and what does it teach you about sexuality? Students will explore point of view and voice in erotica by telling the same story from multiple viewpoints, and examining which voice speaks the most strongly. Should you use a pseudonym? How can you extend your work beyond a single story? How much money can you expect to make from writing erotica? Complete a short story and submit it to a current market. You study what you want, when you want, at your own pace. You get detailed feedback on your work and take part in discussions in a judgement-free zone. Where do classes take place? So, anywhere you have Internet access. Are there certain times when the whole class needs to "meet" online? Our students come from all over the globe. We do occasionally schedule phone chats, but try to reach a consensus on timing. What does a typical class consist of? It varies, but nearly all our classes include weekly lectures, homework assignments, peer reviews, critiques from instructors, and discussion forums. How much experience do you need to take a class? Beginner or pro, everyone is welcome. We encourage all skill levels. And click here to explore a sample class that shows our layout and features. I initially enrolled primarily for information about the erotica publishing industry. And she provided lots of that, including interviews with publishers and more established writers. But it was the writing experience itself that was the most beneficial. The lessons themselves were informative and very helpful, and perhaps the most useful thing of all was the discipline of having to conceive, write, and revise a story each week based on those lessons. The assignments forced me to focus—and fast, and I am all the better for it. I learned about how to shape my characters, about how to create both tension and heat within my work, and about where I could submit my work. Rachel encourages her students to really dig deep into themselves on character development, POV, and the emotions of the characters. Hickman, former LitReactor student "Rachel Kramer Bussel provides excellent instruction in the art of writing erotica. Her class, Between the Sheets, is hands on and invites you to widen your senses, emotions, and your perceptions of the erotica genre. Many of the questions that I had regarding publishing in the erotica field traditional vs. Moreover, her knowledge of the erotica market is just as valuable as her insight into the craft of writing itself. Rachel shared with participants tips and tricks to find ways to keep erotica topics and writing interesting and new, which is a very valuable skill for writers. Never before have Penn students been so keen to learn about writing as when Rachel was coaxing erotic stories out of them. Perhaps best known is Rachel Kramer Bussel, who edits and contributes to a slew of top-notch anthologies. An earthy-true-to-life style that draws her readers in and keeps them focused until the very last word. She can take a fantasy and make the world seem real or take a real event and paint the scene softly, to appear more like a fantasy. I am in awe of her tremendous output, in the positive way she includes all genres in her collections, and in her constant desire to bring erotica and sex in general to the mainstream.

Chapter 2 : In Between the Sheets - Wikipedia

In Between the Sheets and Other Stories is an intriguing, sometimes challenging, and generally superior collection of stories, the work of a craftsman on his way to becoming an artist.

SkyMaiden No one said that marriage was easy. Follow Ino and Naruto as they go through the ups and down of marriage. And deal with the issues from day to day. Ino x Naruto Rated: I like the idea of this latest story of mine. I think that if I do it right it should come out okay. If not at least I can say that I tried. Ino stared at the back of her husbands head. She was starting to become used to this sort of behavior. They had been married for about two and a half years now. Ino was starting to wonder if maybe the passion was starting to die out. She remembered her mother saying that sometimes in marriage things can get a little stale. She shuddered at the many conversations she and her mother had before she officially became Mrs. Naruto and I have been together for 3 years. Yamanaka took a sip of her tea. That would have been completely embarrassing even for Ino; someone who was not shy at all. Ino sighed as she inched closer to Naruto. She wrapped her arms around his shoulders. I want you to entertain me baby. The blond male let out an exhausted yawn he moved over slightly. Ino pouted she understood that he was exhausted. But she wanted some alone time with her husband. Are you really exhausted. There was a far off expression on her face. Its fine I understand. Naruto raised an eyebrow to her. He was more than used to this sort of behavior. She would give him the silent treatment, he would eventually sweet talk his way back into her good graces, and then they would really make up by having wild, passionate sex. Two, three days or are you going to top you last record of a week straight? She turned to him throwing her pillow at his head. He sighed placing his pillow over his head. Naruto figured that it was because they were both such passionate individuals. Ino plopped down on the bed. She was more than just a little frustrated with him. She only wanted to be able to spend "quality" time with him. She remembered how much fun they used to have before they were married. Even in the early days of their marriage they had fun. Now a days Ino was feeling rather undesirable. She knew that he loved her that she was sure of. Was it possible that maybe Naruto had fallen out of love with her? The passionate side of their marriage was definitely starting to dwindle a bit. It had been about a month now and in honesty it was driving her crazy. She was even s starting to wonder if he was avoiding her. And then there was her worst fear of all. Had he found another woman? There was many times where Ino wanted to go invade his mind to find out what he was thinking. Over and over again until I find out the truth. For some reason her conscience had always won out in the end. Ino was brought out of her thoughts when she heard a knock at the door. She wanted him to persuade her to come back to bed. Instead all she heard was the sound of him leaving. She gazed at him with wide eyes. Why the hell not? You get a little pissed at me, ignore me, and then we eventually hit the sheets. She knew that he had a point. It was really actually routine for them. Your review has been posted.
