

## Chapter 1 : Vivo IPL Live Score - IPL 11 Schedule, Players List, Teams Squad, IPL Tickets

*Cricket News: The mega two-day Indian Premier auction is over. Across Saturday and Sunday, the eight franchisees assembled under one roof to rebuild their squa.*

James Faulkner Dhawal Kulkarni Other team franchise will be asked to retain the exact equal number of fixed number of players as Chennai super kings and Rajasthan Royals, Meanwhile the other team franchise will be released into the pot for the main auction. In this part the team franchise will build the image by adding new names. Meanwhile the franchise are going to consider the fact that the teams had built their fan base and franchise around certain players with which it surely is unlikely that the franchise will let those players go. Mumbai Indians have won the title for the third time for this IPL Season and so they have become one of the most successful team in the history of the Indian Premier League. The team franchise if so certain to retain their captain Rohit Sharma. Hardik Pandya, Lasith Malinga and Kieron Pollard could also be seen as per our prediction of being retained players by the Mumbai Indians. The combination of the two players have been very consistent and well performing over the last two seasons of IPL. The Sunrisers Hyderabad is not likely to lose the duo and and it is possible that Yuvraj Singh will be retained as he have been valuable player for the team so far and it is very likely that he will be seen in an orange jersey once again. David Warner and Bhuvneshwar Kumar have also been seen in tremendous form over the past two season for the team, so there is a very good probability for them to be retained by Sunrisers Hyderabad. For Kolkata Knight Riders, Gautam Gambhir has been a key player who has been seen to take his potential through the trickiest of the situations. Along with Gautam Gambhir one of the great all-rounder Yusuf Pathan who has proved to be a great asset and been taken his potential to many victories which has appeared to be a defeat. Sunil Narine has done a well in bowling and it is really hard to think the Kolkata Knight Riders to let him go. Kings XI Punjab are the one team in need of a massive overhaul. After performing disastrously, consistently, over the last three seasons, they need a side which can perform well. A couple of players which they are likely to retain are Hashim Amla and Glenn Maxwell, their two best performers from the season. They need a good batting order, and these two players have a lot to contribute for it. Delhi Daredevils have built a good squad over the years, with mid-twenties being the average age of players. They have invested in young talent and while they are yet to see any concrete results, there are many names which have performed superbly. Sanju Samson is one such player, who had a great season last year with Delhi, and is likely to play for the same team in too. Rishabh Pant too, played well for his side in and Delhi may very well retain him for the next season as well. Zaheer Khan may be retained by the side as well. Royal Challengers Bangalore are the last but not the least, we have the Bengaluru side. Virat Kohli is undoubtedly the player who will be retained under all circumstances. We know what a huge star he is and his team will not let him go, with Kholi in their team, they can beat anyone on their day and they will want to bounce back after finishing bottom last season. However, it is possible that we may see either AB de Villiers or Chris Gayle leave The chances for the latter one are higher. IPL Auctions is on horizon and it is expected to see the full details with in few weeks including the Retained players list after the Auctions. Keep in touch with us for further updates on the IPL season.
