Big Rock , Mister O , and Well Hung Review coming on release day, September 12 are some of our favorite stories ever, and you already know how much we love Lauren Blakely. And I like to use all my gifts to the fullest, the package included. Life is smooth sailingâ€¦. Until I find myself stuck between a rock and a sexy roommate, which makes for one very hardâ€¦place. Because scoring an apartment in this city is harder than finding true love. I can resist Josie. Until the one night she insists on sliding under the covers with me. Surpriseâ€”neither one of us sleeps. And even though we agree to return to roomies-without-benefits, I quickly realize I want more than someone to split the utilities with. Now all I want is to spend every nightâ€”and every dayâ€”with my gorgeous roommate. Guess that makes her the full package too. Ahhhh We were hoping this one was going to be about Chase and Josie! A good man is a lot like the perfect car. You want a hot body, an engine that purrs, and superior performance under the hood. You probably also crave a ride that can go all night long. Or I would if I were total pig. I absolutely do my best work dirtyâ€”both in the shop, and between the sheets. Until one woman comes along and throws a wrench in my plans. The one woman I should absolutely, positively never take for a joy ride. Lauren lives in California with her husband, children, and dogs. She loves hearing from readers! She also writes for young adults under the name Daisy Whitney. What do you think of these two amazing covers?!?

McHottie to the ER stat! This girl is about to faint: I just finished the sweetest, most beautiful, swoony, delicious friends turned lover romance. I especially love the hero in this book but I am a little biased because my hubby is an ER doctor and I have to brag â€” he is sweet, handsome, and sexy to me. But seriously, everything Lauren described is spot-on: Here is another story, sound familiar? Chase and Josie both live in NY â€” Chase needs to move closer to his workâ€¦ Josie needs a roommate to help with the rent. They are both desperate. Chase found himself in a predicament way bigger than not finding a decent apartment. Everyone can see it except the man himself. Can Chase separate these feelings and thoughts? Cohabiting with a sexy gorgeous woman that he has the hots for? I love Chase â€” he is truly the full package, smart, handsome, sweet, funny, and caring. I also adore Josie â€” she is like the best girlfriend everyone wants to have. Josie is beautiful, sweet, talented, and giving. These two are obviously stupidly in love with each other. They are meant to be but they are both stubborn and afraid of losing each other to take a leap. McHottie The chemistry between Chase and Josie is guaranteed to burn up your sheets. All the flirting as friends turns into lustful foreplay then combusts to full on passionate sexy loveâ€¦ GAH!!! Full Package is definitely one of my favorite friends to lovers romance. The epilogue is just lovely â€” adding another level of sweetness to the story. Lauren is the queen of rom com and this book has a perfect recipe of passion, sweetness, fun, heat, and love.
