However, there is a slight concern I have regarding your ads. Like I even got scared in school because I was concerned to why there was a face on my phone screen! Now, as someone with anxiety, it kind of impacts me more than I actually think. I just wanted to let you know! I hope this can be resolved at some point, overall this is a great app! It was not and I sincerely apologize to the developer who was kind enough to contact me personally and guide me. After being advised, and installing it for the second time, the VPN started flying like a stealth fighter. I tested and changed a few servers until I found the fastest and nearest server. Now you go ahead and try it folks. Trust me, actions speak louder than words. Thanks and I am humbled. Plus they are offering as free and 7 days free VIP. It is worth every penny. I judged them pre-emptively! But we still want to suggest that you can do the following check first, and hope they can help you solve the problem: Access the normal websites to check if Wi-Fi or mobile data network is ok. Connect to the fastest server in the server lists. Do not open another VPN at the same time. This is my first experience with proxy apps of any kind. You can get a week for free as a VIP to try out. I suggest you try it for yourself first!
