Chapter 2 : Essentials of Medical Astrology - Dr. K S Charak - Google Books

Auto Suggestions are available once you type at least 3 letters. Use up arrow (for mozilla firefox browser alt+up arrow) and down arrow (for mozilla firefox browser alt+down arrow) to review and enter to select.

Students can begin anytime they wish and proceed at their own pace. Students will be required to obtain a handful of essential texts, to complete fascinating homework assignments, and to test themselves, in preparation for a chart analysis to be completed at closure. Students will be working in Classical Western Astrology: Certification available on completion. The ideal student for this course possesses adequate mental focus and stability, loves to study, has good memorization skill, is capable of self-test, and willing to devote at least two hours weekly to reading and thinking about Medical Astrology. This Module and all information contained within is presented exclusively for historical interest and study purposes, and not for medical use. If you suffer a medical complaint, please consult your licensed medical practitioner or physician. The same caveat attends to all 12 Modules in this course, Medical Astrology Be able to recognize the astrological symbols for the planets, lunar nodes and the twelve signs. Be familiar with the twelve houses and their general meaning. The last two modules require that you know the difference between a birth chart and a current transit to the birth chart, i. The last two modules will be easier for students who already know how to read and use a basic ephemeris for daily planetary positions. A solid knowledge of beginning astrology is required to understand this material. Intermediate astrologers will of course, perform best, but a dedicated and intelligent beginning student may follow the lesson plan well if they will put in focused time and supplement their learning with additional basic astrology materials. Course Texts Please purchase your books from astroamerica. The Astrological Body Types is available exclusively through our website until March After that time, it will also be available through astroamerica. Mandatory textbooks for this course: Be sure to purchase A-Z all letters inclusive. Healing for the 21st Century by Marcia Starck [www. Save money with used texts on websites like Indie Bound.](http://www.save-money.com) The best students start chart collections. Students are encouraged to have at least three charts in their collection at course onset your own chart counts. Anyone you know who is willing to provide you with their sacred birth data becomes your case study. This is the best possible way to learn medical astrology. For each lesson, compare the planet or element studied with its placement in the chart of your own chart samples. There are also published chart collections of famous persons that are useful if you have access to their health history or cause of death. AstroDataBank is also a great resource for chart data online. Study Options Through Individual Modules Students who do not intend to take the entire course in a linear fashion are welcome to download individual modules. The fee for individual modules does not include final exams. However the final exam certification may be purchased separately upon completion of all modules in the program. The final exam consists of two parts: A written exam and a sample chart analysis. For the second part of the test, the student is required to submit an analysis of a Planetary Health Chart natal chart viewed medically. The instructor will read and critique your analysis. This opportunity is of great value to the student who wishes to acquire a high level of skill. The occasional student may be required to resubmit a test or analysis.

Chapter 3 : Books On Medical Astrology

Astrology, nutrition, health--never before have these topics been so completely explained As an aid to individual health, medical astrology has been a most popular phase of stellar science.

Archetypes of Astrology Ena Stanley In Archetypes of Astrology, author Ena Stanley blends the themes of planets, signs and houses with their ancient mythological origins in a way that provides a useful and interesting introduction to the basics of astrology for readers who have little or no prior experience with astrological techniques. At the same time, she offers an enriching and enjoyable reading experience for advanced students and professional astrologers, or for readers whose primary interest is mythology. Using plain language, Robin Antepara explores both types and explains how each is important. Her down-to-earth, lively approach includes many case histories of famous people, ranging from historical figures to celebrities. Crosses are so important to truly understanding a chart that you will wonder how you ever completed an astrological analysis without this essential component. Crosses revealed in the birth chart provide the best clue to personal energy style: Cardinal energy dreams and initiates; Fixed energy desires and creates, Mutable energy communicates and analyzes With this innovative guide, you can learn to identify crosses in everyday life experiences, mend star-crossed relationships, and balance a lack or overemphasis of crosses in your birth chart. Originally published in This is our best book for those beginning their study of astrology. This is the second book in the 21 Brotherhood of Light Course series by C. In this book the student is introduced to the most important concepts underlying hermetic and occult esoteric studies. These concepts include the importance of the Two Keys to unlocking the mysteries: Astrology and the Tarot; an introduction to basic astrological principles; the mission of the soul struggling to attain Self-Conscious Immortality; the Doctrine of Signatures and the key features of the Tarot, Kabbalah; and facts and fancies about reincarnation. Author Mary Devlin shows you how to interpret past-life charts and compare them to your present one. This unique and original book is the result of ten years of painstaking research and hundreds of case studies. More than sixty charts and corresponding case histories are included here as examples. Some are of ordinary people, others are famous personalities from the past and present. Readers will be pleased to discover that Astrology and the Evolution of Consciousness-Volume 1 by Maurice Fernandez is full of down-to-earth examples as well as carefully considered explanations of the profound spiritual elements behind various astrological concepts. Mapping the evolution of consciousness and the levels of spiritual development in tandem with fundamental astrology concepts will make this book a long-lasting reference for many readers. Maurice Fernandez has written this comprehensive book destined to become a classic on the basic building blocks of astrology. Aside from providing you a wealth of knowledge about your birth chart, Astrology for Yourself promises to promote personal growth and change your life. This handy reference book provides a strong foundation for the beginner as well as new insights and self-knowledge for more advanced astrology students. A Spiritual View of the Moon and Sun, is an astrology book written at an advanced-beginner to intermediate level for a general audience. This book addresses the relationship between the Moon and Sun and the relevance to spiritual growth. Through exploring signs, houses, aspects, rulerships, nodes, cycles and eclipses, a new paradigm of the luminaries is offered. In short, spiritual growth is furthered by integrating awareness and vitality Sun into the depths of the unconscious Moon. By resolving the past Moon , we are able to be fully in the present Sun. Books have been written about herbs with a little astrology added, about outer planets with a little naturopathy added, and about the astrological symbolism of body parts and functions. But none of these books is really about classical medical astrology: Medical astrology has always been an integral unity of astrological diagnosis and treatment based on the planetary positions. This integral and seamless unity is the central theme in this book, which picks up the thread of the great tradition which ended temporarily in seventeenth century England. It is now undergoing a revival as modern astrologers rediscover the authenticity and value of the classical techniques. A Complete Guide to Their Healing Properties helps readers to incorporate the healing power of stones into daily life. The book begins with historical background and practical considerations, such as how stones work and how to clean and recharge their energy. The

relationship of stones to chakras is explored, as are practices such as channeling via certain powerful crystals. The heart of the book is an A to Z guide covering everything from amber to zoisite that explains which stones are most effective for particular medical conditions, emotional and energy blockages, and spiritual impasses. Stones and crystals have been important tools for health and spiritual transformation for millennia. This book shows modern readers how to best utilize those tools. That book simplified the subject of medical astrology by giving the reader a method to approach the horoscope in terms of health. In this, her second book, Dictionary of Medical Astrology, Ms. Cramer utilizes her 30 years of experience in medical astrology to present the reader with a user-friendly dictionary of the astrological meanings of common and everyday health disorders. The book is geared to the layperson who needs a guide to understanding specific planetary combinations and signs and their relation to health. Cramer is a consulting astrologer, lecturer and teacher in all aspects of astrology in New York City. She specializes in writing and instructing on medical astrology and nutrition. Diane began studying astrology in At the same time she began studying health and nutrition. Her fascination with the human body in terms of health and nutrition led her to the study of medical astrology. It introduces the four elements earth, water, air, fire and how they interrelate to structure and catalyze evolution. This book has an ambitious scope, adding many new concepts and innovations to the field. It is most suitable for readers who are interested in a spiritual understanding to astrology, and seek an overarching philosophy of evolutionary growth. What are the characteristics that the rose might bring to your life? Florascope matches twelve flowers to traditional astrological signs and offers new insights into different areas of our lives, such as our relationships, careers, and personalities. Lavishly illustrated with gorgeous full-colour, full-bleed close-ups of each flower, Florascope is an ideal gift and is guaranteed to please. He is also on the faculty of Kepler College, Seattle. It is far more comprehensive and accurate than others like it. Interpreting Empty Houses provides a detail account of these houses that are most often overlooked when delineating horoscopes as they, like houses holding planets. The author explains the meanings of each of the twelve houses when empty as determined by the recondition of its planetary ruler as it may be positioned throughout the remaining eleven houses of the horoscope. The book covers all the basics as well as the not-so-obvious, and the planetary glyphs in the thumb margins make it a reference that every student of astrology will want to keep within easy reach. Now this classic guidebook is bigger and better than ever, with over pages of new material and an even easier-to-use design. Find your Totem, or birth sign, named after one of twelve animal creatures whose spirits inhabit the earth. Then determine the Element that most influences your personality--Earth, Air, Fire, or Water--and how to live in harmony with its energies. Next, discover your Element-Clan, animal totems that are a part of your Elemental family, and the special powers they give you. Finally, explore the Four Winds, the seasons they influence, and the gifts they bestow. Taking as its point of departure Astrologia Gallica by Jean Baptiste Morin de Villefranche - , Planetary Strength explains the differences between the strengths conferred upon planets by virtue of their sign placements celestial state , house placements terrestrial state and aspects aspectual state. These lucid delineations are full of insight for both the professional astrologer and the beginner. Covers techniques and methods necessary for making accurate astrological predictions. Learn to reveal the future and put various aspects of life into perspective. Matthews and Alan Leo. The author carefully, clearly and thoroughly delineates the characteristics of each of the degrees, outlining personality traits, career interests, relationships and other factors unique to each specific degree. Michelsen Since first publication in , Neil F. In this book she covers planets, houses, aspects, delineation, relationships and predictive astrology. The Astrolabe World Ephemeris combines reading ease and clarity with 21st Century accuracy and precision of data. This unique ephemeris is one of the most complete and convenient references available for astrological calculation. The Astrology of Family Dynamics makes for gripping reading and shows us that astrology is the only system that demonstrates the complexities of the family as an organic whole, the family's place in the collective, and the role an individual plays in carrying on the ancestral line. To date there is no book dedicated to family patterns, the psychology of family dynamics, in natal astrology. Not only does this book fill a gap in astrological literature, it also adds an essential new dimension to the psychology of families and groups. Bills This volume, a directory of astrological correspondences, is the result of a research project that drew together the thoughts of many others into a reference book, assuming the role

of a dictionary to astrologers, but vastly more complete. It is the only place where all sign, planetary and house rulerships have been brought together and put in a good workable order. It is organized in such a way that one can use the book for quick and easy reference, and it eliminates the need to search through various other volumes. Plus an Appendix with special listings: Enthusiastically endorsed and used by professionals and students alike, no reference library is complete without this best-selling volume. Detailed explanations of their origin, use in the natal, mundane and rectification charts gives the reader an unparalleled opportunity to learn directly from the source that envisioned their profound effect in all types of astrological practice. A fascinating and in-depth work that will transform your chart interpretation, and a very worthy addition to any bookshelf. All major aspects are interpreted, giving you easy aspect to the meaning of the square, trine, sextile, conjunction and opposition. Each planet is featured in its own chapter. In addition, the authors delineate the Moon through each of the signs from both the personal and mundane, or public, perspectives. With this handy book you can quickly and easily access information needed to fine-tune astrological forecasts, and thus determine more favorable days for a wide range of activities. This text returns astrology to its rightful place as a mystical science. This is a reference book which reveals astrology as a tool for understanding oneself, and the world on a deeper level. The Wisdom and Way contains a thorough overview of astrology including planets, signs, houses, and aspects, complete chapters on calculations and delineation offer readers the opportunity to learn to interpret a chart with accuracy and spiritual insight. Included are extensive sections that delineate the transits in the houses and in aspect to all of the other planets, both harmonious of dissonant, as well as delineation of all of the planets in all of the solar return houses.

Chapter 4 : Medical Astrology | Light Technology Publishing

Welcome to Traditional Medical Astrology! This site is dedicated to the rebirth of the art and science of Traditional Medical Astrology in the West in the 21st century.

An Introduction to Medical Astrology Wanda Sellar Medical astrology is a fascinating subject, yet undoubtedly a rather challenging one. In this work however, the author attempts to ease the path towards greater understanding of traditional astrological principles regarding health, as well as introducing some new experiential ideas. These have been developed through her long practice in this field. What can sometimes be helpful in studying a chart is to understand the psychological underlay to medical conditions inherent in the cosmic pattern. This book is recommended for anyone who is interested in exploring medical astrology in greater depth, and perhaps including some aspects of it in their own astrological work. Whilst medical astrology cannot take the place of advice from orthodox professionals, it can often throw light on prevailing problems. At the same time, she offers an enriching and enjoyable reading experience for advanced students and professional astrologers, or for readers whose primary interest is mythology. The Art of Chart Interpretation presents a practical system for amateur and professional astrologers confused by the many details of the birth chart. With clarity and insight, Tracy Marks provides a comprehensive method for collecting and evaluating astrological data. Her step-by-step techniques and worksheets aid astrology students in developing their abilities to analyze and synthesize the many facets of the chart and to grasp the essential features of the personality. Using plain language, Robin Antepara explores both types and explains how each is important. Her down-to-earth, lively approach includes many case histories of famous people, ranging from historical figures to celebrities. This book is a wonderfully insightful and erudite map for managing our relations with others, and for understanding the many aspects within our own innerself. Included is delineation of the planets in aspect to the Midheaven and Ascendant. The author also emphasizes the use of the angles in the rectification of a birth time. Numerous examples illustrate the principles of planets in aspect to the angles, as well as rectification using the charts of former U. Secretary of State Henry Kissinger and well-known astrologer L. Crosses are so important to truly understanding a chart that you will wonder how you ever completed an astrological analysis without this essential component. Crosses revealed in the birth chart provide the best clue to personal energy style: Cardinal energy dreams and initiates; Fixed energy desires and creates, Mutable energy communicates and analyzes With this innovative guide, you can learn to identify crosses in everyday life experiences, mend star-crossed relationships, and balance a lack or overemphasis of crosses in your birth chart. Mapping the evolution of consciousness and the levels of spiritual development in tandem with fundamental astrology concepts will make this book a long-lasting reference for many readers. Maurice Fernandez has written this comprehensive book destined to become a classic on the basic building blocks of astrology. In this fascinating guide, expert astrologer Sue Merlyn Farebrother offers a practical and comprehensive course that will take you through the colourful ingredients that make up a birth chart, from the 12 zodiac signs to subtle astrological combinations and aspects, and the ways in which these express

themselves through a person's character. Aside from providing you a wealth of knowledge about your birth chart, Astrology for Yourself promises to promote personal growth and change your life. This handy reference book provides a strong foundation for the beginner as well as new insights and self-knowledge for more advanced astrology students. A Spiritual View of the Moon and Sun, is an astrology book written at an advanced-beginner to intermediate level for a general audience. Stones and crystals have been important tools for health and spiritual transformation for millennia. This book shows modern readers how to best utilize those tools. From Adder's Tongue to Yarrow, each of the herbs is described in detail, along with its "government and virtues," remedies, and cautions. Although much of the medical advice must be taken with a pinch of salt, the engaging tone, enthusiasm, and expertise of the author are irresistible and highly entertaining. Also included is Culpeper's advice on gathering, drying, conserving, and using herbs to get the most out of them. This collector's edition is a must-have for anyone interested in herbs and their uses. Each entry is illustrated with a finely detailed image and there are thirty beautiful full-page plates throughout the book. That book simplified the subject of medical astrology by giving the reader a method to approach the horoscope in terms of health. In this, her second book, Dictionary of Medical Astrology, Ms. Cramer utilizes her 30 years of experience in medical astrology to present the reader with a user-friendly dictionary of the astrological meanings of common and everyday health disorders.
