B Shelved in Reference Index Area A "subject list of bibliographies published separately or appearing as parts of books, pamphlets, and periodicals Selection is made from bibliographies that have fifty or more citations. Kennedy Institute Center for Bioethics. E8 B53 R This annual bibliography surveys the literature of bioethics, which it defines as "the systematic study of value questions that arise in the biomedical and behavioral fields. The data for this now included in the NLM Gateway. Bibliography of modern American philosophers. B53 A bibliography of philosophical bibliographies. A1 G83 "attempts to list philosophical bibliographies published in all countries since Noel Hutchings and William D. W6 H Ethics, an annotated bibliography Pasadena, Calif. R62 Contains summaries of philosophical books on Ethics. Roberto Casati, Achille C. E7 C An annotated bibliography of the philosophical concept of events. Philosophy journals and serials: B72 R Contains descriptions of the major journals in Philosophy. Resources in ancient philosophy: B A comprehensive annotated bibliography of books and articles on the major Western philosophers from the PreSocratics to Saint Augustine. Philosophy Documentation Center, c B Focuses both on the original and scholarly contributions of women to the whole range of philosophical studies. Arrangement is by classed subject headings. Burr ; Charlotte A. Dictionaries and Encyclopedias Biographical dictionary of twentieth-century philosophers. London ; New York: B Includes short biographical information and bibliographies of primary and secondary sources. The Blackwell dictionary of Western philosophy. B79 The Cambridge dictionary of philosophy. Cambridge ; New York: Cambridge University Press, C35 A companion to the philosophers. Arrington ; advisory editors, John Beversluis C "The goal of this book is to present the thoughts and theories of the major figures in the dominant philosophical traditions throughout history" Preface Western and Eastern traditions are represented. See also the Blackwell Companion to Philosophy above. Concise encyclopedia of philosophy of language. Lamarque ; consulting editor, R. C The Concise encyclopedia of western philosophy and philosophers. C66 Most of the contributors to this single volume are eminent English and American philosophers working in the analytic tradition. The signed articles illuminate the thought of the contributors as much as they illuminate the topics they discuss. Entries include philosophers as well as topics. Bibliographies are not included. The continuum encyclopedia of British Philosophy. C66 The dictionary of eighteenth-century British philosophers. Dx Includes extensive information and bibliographies. Dictionary of twentieth-century British philosophers. D52 Dictionary of existentialism. D The dictionary of nineteenth-century British philosophers; general editors, W. D53x A Dictionary of philosophy. D52 A dictionary of philosophy. L32x The dictionary of seventeenth-century British philosophers general editor, Andrew Pyle. D Dictionary of the history of ideas; studies of selected pivotal ideas. Wiener, Philip Paul, ed. D52 Despite the word "Dictionary," the articles this contains are encyclopedic in length and quality. The "Ideas" include those of literature, religion, political and social thought, science as well as philosophy. The articles include "cross-cultural studies limited to a given century or period, studies that trace an idea from antiquity to later periods, and studies that explicate the meaning of a pervasive idea and its development in the minds of its leading proponents" Preface. The Edinburgh encyclopedia of Continental philosophy general editor, Simon Glendinning. Fitzroy Dearborn Publishers, c E35x b Has lengthy scholarly articles and bibliographies. Oxford University Press, E53 Encyclopedia of applied ethics. A66x Very thorough scholarly articles with good bibliographies. Encyclopedia of bioethics Rev. Prentice Hall International, c E52 An interdisciplinary source of information about bioethics.. The articles are thorough and scholarly with excellent bibliographies. For background discussion of the major issues in bioethics, this is a fitting complement to the Bibliography of Bioethics. Encyclopedia of classical philosophy. Zeyl ; associate editors, Daniel T. Devereux and Phillip K. E53 Good scholarly articles on Greek and Roman philosophers and philosophy. E53 Includes

LIBRARY OF SOCIAL THOUGHT)**

entries for philosophers and topics with short bibliographies. Contains signed scholarly articles on normative ethics, history of ethics, ethical theory, and important philosophers of ethics. The articles tend to be broad in scope, but additional access is provided through a subject index. Bibliographies are appended to each article. Kluwer Academic Publishers, c E53 Includes scholarly articles and bibliographies. The Encyclopedia of philosophy. Reprint ed New York: E5 The long, scholarly articles are written and signed by distinguished philosophers. This is probably the first source to consult for an overview of a subject or philosopher. Each article has excellent bibliographies, though these are now rather dated. The encyclopedia of philosophy. Borchert, editor in chief. E5 A supplement to the foregoing with updated bibliographies. Presses Universitaires de France, B E This aspires to be a "universal" philosophical encyclopedia, covering concepts, schools, traditions, individuals, etc. At the end of the first volume are copious bibliographies on every aspect of western philosophy plus a long list of philosophical periodicals. Taylor and Charles E. Routledge, New Catholic encyclopedia. Supplement, Change in the Church; v. N44 This has many scholarly articles on philosophy and the history of philosophy, both within the Catholic tradition and from the point of view of philosophical influences on Catholic thought. The article under "Philosophy, Articles on" offers a systematic overview and headings to search under for philosophical topics. The Oxford companion to philosophy Oxford ; New York: Oxford University Press, c O94 The entries are by philosophical topics and individual philosophers. In the back of the book is an explication of logical symbols, an interesting map of philosophy, helpful analytical index of entries, and a chronological table. Routledge encyclopedia of philosophy. General editor, Edward Craig. R68 This is now the most current and definitive encyclopedia of philosophy available. Its articles are generally shorter than those in the Macmillan set, but they better reflect the current state of philosophical scholarship. Histories The history of philosophy.
