TG stories of crossdressing, forced feminization, and humiliation. Thursday, May 26, The Little Brother: He was home alone and had tried on a red dress of hers because she was in the same grade and about his size. He walked around the house for about an hour and had a lot of fun. As his two sisters drove up to the house they could see Alex from the window in the game room and parked quickly to find out what he was doing. Megan was furious when they came inside and yelled and screamed at her brother. Quite the opposite really. She made him sit down for a little talk and Alex was extremely embarrassed to be scolded while wearing a dress and panties. But what she said surprised Alex very much. Two years passed and Kristen began dressing Alex up when no one else was home. Alex had even grown his hair out a little bit longer and only Kristen knew the real reason behind the change. They dressed him in many many different outfits. Kristen would laugh and encourage Alex to be silly and sometimes they would even take pictures. She was always extremely careful to notice where everything went and to put the clothing back exactly where it had been. She even put the underwear in the exact same spot in the drawer. Both Alex and Kristen knew how important it was to not get caught. So they agreed to stay away from the clothes that Megan wore often. One day while Alex and Kristen were playing with a variety of outfits in the backyard, Kristen noticed a sudden change in Alex. Alex was wearing a short yellow sun dress. But she eventually got over it. The days went on and Kristen and Alex grew closer together through the secret they shared. And always were they careful and always did Kristen put the clothes back exactly how she found them. Not long after the creek incident, Alex and his older sister were in the backyard yet again. They were having an exceptionally good time. Alex was in rare form and he was posing for Kristen, crawling on all fours. He was wearing a light blue t-shirt and a short skirt with teal panties. Kristen had even found some jewelry for him to wear. Including a pair of big hoop earrings and one of her own necklaces. We only have a few more minutes to play. He tried not to show it but even when he smiled it was forced and she could see in his face that he was concentrating very hard. A moment later Alex doubled over and put his hand over his butt, "Oh no. No, no, no, no. She chased after him and met him at the door to the bathroom. Alex was almost in tears. Kristen was about to ask if he was alright but before she could open her mouth to find out what the problem was, she could smell the problem. Close your legs stinky. Alex started to cry. Mom and Megan will be home any minute now. So Alex stripped down carefully so as not to get poop on anything else. He took off the panties, closed the door and hopped into the shower. He cleaned himself off as best he could in a short period of time and then turned the water off. Outside the bathroom he heard voices, his mother and little sister were home. He stepped over the poopy panties on the floor and grabbed a towel from the rack. Just then there was a hard bagging on the door. Are you in there!?! Without waiting for a reply she barged in and Alex bent down and scooped the soiled panties up as fast as he could, hiding them behind his towel. Sure let me get out of your way. His heart was racing and he was sure she could smell the panties. Before he got away, she screamed and slammed the bathroom door. Megan shrieked with rage. Alex looked at his older sister shocked. Megan was still starring right at Alex. And when Megan was looking she gave him a little wink. After a long explanation of how humiliating it would be for him, Megan was not as mad. She agreed to the punishment only as long as Alex would do her chores as well. The next day was heaven for Alex. The girls picked out a pink and grey dress that was far too short for Alex to wear. He acted as shy and bashful as possible. In reality however, he was having the time of his life. Kristen provoked him as she had so many times before, "Let us see your thong Alli. The girls laughed and Megan thought the entire time that Alex was hating every minute of it. He was so happy that Kristen had helped make the clothing decisions, after all this time, she knew exactly what outfits he liked the best. He was content to stay do this all day. And he would of but then his stomach got tight and he turned in panic to Kristen. A little fart squeezed out and he told the girls he had to go to the bathroom. You need to learn how to be a lady and hold that in! Alex pulled his dress back down and hurried to the toilet. More farts snuck out as he raced for the bathroom. The girls made him keep the

door open. Alex could hear them laughing and giggling and planning his next outfit. By the time he was finished in the bathroom, Megan told him it was chore time. He was very surprised to find that the clothes he was supposed to clean the house in were nothing more than a pair of pink panties and a pink polka-dot top. He began to clean the kitchen and at first the girls just watched him mop. Eventually Megan got up from her chair and went to the other room to get a camera. Alex looked at Kristen in astonishment. This was the first time they had been in the room alone together since before Megan had found out. However, he said it a little too loud because as Megan was coming back from retrieving the camera, she overheard their conversation. Then they got quiet because they knew Megan would be back soon. Megan was furious but she hid it well. It was her turn to pretend and she acted well. The days passed similarly to the first. Making Alex dress up, then making him do chores in just panties. All the while Megan was planning. Megan decided to let Kristen in on the plan. Finally, one afternoon while Alex was cleaning Megan asked if Kristen would take her out driving to practice for her license. Kristen agreed and according to plan suggested that Alex to come with them too. He agreed on the condition that he would stay in the car. It was safe, he thought, if Kristen invited me. So they dressed him up in daisy dukes, a blue and white tank top with red straps, and a hot pink thong. They drove to a parking lot and Alex immediately recognized the location. Next to the parking lot was a basketball court filled with 8th graders. Megan smiled an evil smile. You promised me I could stay in the car! There was no where to run or escape to. He quickly ducked down beneath the windows. His heart was ponding so fast. If he was spotted, his life was over. After all, he looked a lot like a girl. He wanted to die.
