Customer Book Reviews An extensive collection of shorts from x to x By Bookivore on Oct 28, There are always a few short stories which are favorites. The author states from the very beginning of the story that it "is not a happy story. It is also a story that shows a coming of age for Jackie and an emotionally distant family dynamic, but the author does not make this obvious at first as he talks about hunting trips Jackie shared with his father. At the beginning of the story the author seems to mislead the readers. The readers know something bad is going to happen, and at first it seems like it might be a story about poaching. The author gives plenty of detail about Jackie hunting with his father, and even explains what he does with all the extra game he catches. It seems as though the story is leading up to his father getting caught for selling wild game, but as the story continues it becomes clear that something else is happening. This is shown by the conversation that Jackie and his father are having as they drive home after duck hunting. Jackie notices that his father is acting and talking a little weird, and Jackie knows something is up but he is clueless as to what it might be. The climax of the story takes place when Jackie and his father arrive home from hunting to find another man in the house. Jackie and Woody, the other man, go outside to talk while the father and mother talk upstairs. Jackie realizes what is going on now, but seems so emotionally distant. The mother seemed very emotionally distant the whole story, and seemed to be someone who was always longing for adventure or something new. She got bored with her husband Jack, the small town, and being a house wife. This emotional detachment is perhaps part of the coming of age for Jackie. This story is a coming of age for Jackie. The main character Jackie is very changed by the end of the story. At the beginning of the story he seemed to be a carefree child who enjoyed hunting with his father, and going home to his mother. This statement from Jackie shows that he is still childlike and attached to his parents. As the story progresses Jackie is changed by what he witnesses go on between his parents. In this story Jackie leaves childhood behind and enters into young adulthood, although it is quiet abrupt and sad. Great Falls by Richard Ford is a dark story about a relationship coming to an end, and a child becoming aware that life is not always what it seems nor is it easy. The author keeps the audience interested from the very first line of the story, and does not make it apparent where the story will end up. The way the story is put together makes it exciting and pleasurable to read, and I would recommend it to anyone. It contains works from a wide variety of authors and literary periods. The writings are intriguing and entertaining, especially for young readers. Anthology Review By Mandy on Mar 26, I bought this text for a class, and intend to keep it long after the class is over. The stories are interesting, and unlike a lot of short stories, are actually short. There is also a wide range of stories, so there is a good variety. It is somewhat hard to find the story you are looking for, but it just requires patience when looking at the table of contents. Some of it not so short But watch out for Heart Of Darkness.
