

Chapter 1 : Pillars of Eternity - Game Guide - Collector's Edition - NEW | eBay

The Pillars of Eternity Collector's Edition Strategy Guide includes: "Thank You" Section includes the printed names of over 8, customers who helped fund the development of the game via racedaydvl.com

Gameplay[edit] An example of dialogue in the game, depicting the interface. There is a fog of war effect on areas the player has already explored and has moved away from. This means that non-violent approaches such as stealth are just as rewarding. During scouting, the party can spot hidden items and traps, which the player can disarm and use against enemies. While endurance regenerates after combat, health can only be restored by resting. The party can either set up camp, or rest in an inn. If a companion has their health reduced to zero they die permanently. Stealth, Athletics, Lore, Mechanics and Survival. This helps the player collect information about how to attack them effectively. This can be upgraded. They have, however, proven quite effective against magic users. Souls are the basis of magic, as accessing their power is what allows certain people to use it. Souls leave the body upon death, and go through a largely unknown process before reincarnating into a newborn body. In time, the Watcher will go insane from this, so they must track down the cultists and reverse the curse. The gods are synthetic beings created by ancient animancers to serve as a civilizing force for the world, which never had any natural gods. He stole the souls of the Hollowborn to empower the goddess Woedica, who hates animancy and would see it destroyed. Additionally, he has pledged to write a novella set in the game world. It has been revealed that the money Obsidian Entertainment raised for the game through its Kickstarter campaign saved it from closure, as it had been suffering from financial problems following its cancellation of a game for "next-generational consoles" in . Ported by Paradox Arctic, it contains the updated game and both parts of the expansion pack. Pillars of Eternity II: Deadfire A sequel to Pillars of Eternity was confirmed by Obsidian in May along with possible plans to crowdfund the game.

Chapter 2 : Pillars of Eternity Collector's Edition Strategy Guide by Prima Games

This Pillars of Eternity 2: Deadfire guide will act as a hub for all of our game content, so make sure you check back here often for more information and the latest Pillars of Eternity 2: Deadfire guides to assist on your journey.

Controls Basic tips We recommend checking out this chapter even before you start playing the game yourself. Thanks to the information contained here you will be able to understand the most important gameplay mechanics. This, in turn, will lower a probability of making mistakes that can severely weaken your party or can even lead to their death.

Starting tips Choose a suitable difficulty level. Difficulty level can be changed at any point by opening the menu. However, some of the changes e. Think carefully about your main character. One of the most important new features in Deadfire is the option to make a multiclass character. Also, developing a multiclass character is more complex. Your party should consist of characters with different classes and skills. In Pillars of Eternity 2 Deadfire your party can consist of up to five members the first instalment allowed players to have six characters. Characters with different skills and specializations allow you to be well-prepared for fights, encounters with NPCs and scripted interactions. Rely on auto pause during fights. Use it to plan out your future moves or to react to a current situation on a battlefield. You can also set when auto pause will activate e. Look for chances to get XP. In Pillars of Eternity 2 Deadfire, the biggest amount of points can be collected by completing quests so ask every NPC to receive new missions. Besides that, you should also fight a lot with monsters and try to visit every location - exploration is also rewarded with XP. Sneaking is very helpful in numerous situations. The most important use is to perform Stealth Attacks. You can also use it to steal items from chests or to pickpocket someone this also requires Sleight of Hand skill. Collect items that are useful in exploration. These items are lockpicks, prybars and grappling hooks. They can be used in certain places and they can help you unlock access to secret locations or to use alternate paths. Check out every newly received quest in your journal. You have to read descriptions of quests carefully. It is easy to die in Pillars of Eternity 2 - this can be caused by, e. Use manual, quick and auto saves. Order your party members to rest if they received an injury an inn or a campsite - four injuries mean a permanent death. Importing saves or choices from Pillars of Eternity 1 Pillars of Eternity 2 Deadfire has an option to import saves from the first installment. How to import a save from the first Pillars of Eternity? If you have saves from PoE 1 then click on the option to import saves and choose a character - their choices will be transferred to the second game. This is the fastest way of starting a campaign. You can also make those choices yourself, e. This setting is for both the original game and its expansion called The White March. How to start - The first steps in Pillars of Eternity 2 Our guide for Pillars of Eternity 2 contains an extensive walkthrough for the entire game. Some of its pages and chapters are useful for those who have just began playing the game. The first hour with the game You first hour with PoE 2 Deadfire will be spend on creating your character, choosing events that took place in the past as well as on exploring the first few starting locations. Here are our recommendations for pages that you should check out at this point of the game: Character creation - Speak with Pale Knight to decide on your appearance, skills and stats this happens right after starting the game. How to import a save from the first Pillars of Eternity game? Prologue - This is the first main quest in Pillars of Eternity 2 Deadfire. Besides creating your character and choosing details about the past, you will also participate in your first battle and scripted interaction interactive scenes with multiple choices. Here, you get a chance to find your first treasures and you can meet with friendly NPCs. The game will also add a few new quests to your journal. Visiting it is completely optional but it is a great place for getting XP and practicing fights with monsters or disarming traps. Further exploration of Maje Island This island is the place where you will spend your first few hours. This is also a great opportunity to learn about the combat system, exploration or stealth mechanics. Here are our recommendations for pages that you can visit: Our guide contains information on attractions and threats that await you on Maje Island. Port Maje Harbor M3 - This is the main town location on the first island in the game. Here, you can start new quests or meet with merchants in order to sell useless items. Stranded and To Hunt a God - These are the two main quests that you receive after reaching the island. They share a lot of elements. Completing them both is mandatory if you want

to proceed forward with the main storyline and unlock the option to travel freely on the world map. Engwithan Digsite M8 and Arena Sub-level M9 - These are two important locations on the island that you have to visit in order to complete the main quests. Arena Sub-level is a dungeon - there, you have to look for Oderisi and reach a pillar of shining adra. Questions and answers Pillars of Eternity 2 Deadfire is a difficult and complex game. Check out the FAQ section if you have any problems: I want to develop my party faster - Check How to easily get XP? I need gold for better equipment - Check How to get rich fast? My character has received an injury - Check How and where can I rest? Resting is the only way to remove these injuries. I have allocated points for my character in the wrong way - Check Can I allocate skill points again? Player interface Getting familiar with the player interface before you start your adventure is highly recommended. By doing that you will be able to quickly reach the most important options and commands. Remember that you can change the interface by going to the main menu. You can choose from a few different settings all of them have different placements of icons and buttons. Interface 1 Portraits of your party members - They show you your current party. By clicking on a portrait, you open a quick bar where you can find skills, quick items and a currently equipped weapon. Next to the portraits you can find icons for AI settings and the crafting menu. Here, you can find information regarding the gameplay and your fights as well as all dialog lines.
