

Chapter 1 : Diplomat (u/Diplomat) - Reddit

The Hero Institute, the Justice Corps, and the Diplomats: When the first generation ships left Earth, each had a very small population of super-powered heroes aboard, mixed with a much larger population of typical humans.

His parents were both of mixed African and Scottish ancestry. This school has since closed. While at school, Powell worked at a local baby furniture store, where he picked up Yiddish from the eastern European Jewish shopkeepers and some of the customers. Military career Powell was a professional soldier for 35 years, holding a variety of command and staff positions and rising to the rank of General. And I not only liked it, but I was pretty good at it. Even after he had become a general, Powell kept on his desk a pen set he had won for a drill team competition. Upon graduation, he received a commission as an Army second lieutenant. While on patrol in a Viet Cong -held area, he was wounded by stepping on a punji stake. Powell returned to Vietnam as a major in , serving in the 23rd Infantry Division , then as assistant chief of staff of operations for the Americal Division. Gettys , from the burning wreckage. I got there after My Lai happened. So, in war, these sorts of horrible things happen every now and again, but they are still to be deplored. Powell said he regarded Emerson as one of the most caring officers he ever met. Powell always professed that what set Emerson apart was his great love of his soldiers and concern for their welfare. After he left Fort Carson, Powell became senior military assistant to Secretary of Defense Caspar Weinberger , whom he assisted during the invasion of Grenada and the airstrike on Libya. He became the third general since World War II to reach four-star rank without ever serving as a division commander, joining Dwight D. Eisenhower and Alexander Haig. Later that year, President George H. Bush selected him as Chairman of the Joint Chiefs of Staff. At age 52, he became the youngest officer, and first Afro-Caribbean American , to serve in this position. During these events, Powell earned his nickname, "the reluctant warrior. As a military strategist , Powell advocated an approach to military conflicts that maximizes the potential for success and minimizes casualties. A component of this approach is the use of overwhelming force, which he applied to Operation Desert Storm in His approach has been dubbed the " Powell Doctrine ". Powell continued as chairman of the JCS into the Clinton presidency but as a dedicated " realist " he considered himself a bad fit for an administration largely made up of liberal internationalists. But even in the wake of public and Congressional pressure [31] [32] to do so, Clinton-Gore presidential transition team staffers decided against it.

Chapter 2 : R.I.P. Heroic Raids - Page 4

This is a walkthrough of the SWTOR Alderaan "Shock Doctrine" Heroic. Note: Starting with the KOTFE expansion the heroics are used as a way to earn supplies for your alliance.

With the July arrest of an Iranian diplomat in Germany for his role in an alleged plot to bomb a rally of Iranian dissidents in Paris, U. Indeed, there is ample precedent for such concern. For decades, Tehran has been dispatching operatives to Europe to carry out assassinations and other acts of terrorism. Though it had all the makings of an espionage thriller, the event was anything but fiction. Authorities suspect the diplomat, Assadollah Assadi, hired an Iranian couple living in Belgium to carry out a bomb plot targeting a rally of about 4, Iranian dissidents at the Villepinte Congress Center² near Paris and provided them with grams of TATP explosives at a meeting in Luxembourg in late June. If Iran can plot bomb attacks in Paris, they can plot attacks anywhere in the world, and we urge all nations to be vigilant about Iran using embassies as diplomatic cover to plot terrorist attacks. In June, an investigation by Dutch intelligence led to the expulsion of two Iranian diplomats based at the Iranian embassy in Amsterdam from the Netherlands. Arrest warrants were issued for 10 Iranian agents, but none were apprehended. In that case, the agent scouted targets in, including the head of the German-Israeli Association. And in, four IRGC-Qods Force operatives were found trying to attack Israeli targets in Turkey, and another was arrested in Sofia, Bulgaria, where he was conducting surveillance of a local synagogue. That appears to remain the case today. The intelligence report offers some specific examples: The Revolutionary Guard, which is the principal agent of Iranian terrorism in Lebanon, uses its own resources, as well as diplomatic and intelligence organizations, to support, sponsor, and conduct terrorist actions. Iranian diplomats were deeply involved in the and bombings of the Israeli embassy and AMIA Jewish community center, respectively, in Buenos Aires. The first successful assassination of an Iranian dissident in Western Europe occurred in. Just before his death, Oveissi claimed that he had assembled a small counterrevolutionary army to retake Iran. On July 19, , for example, Amir Parvis, a former Iranian cabinet member and the British chairman of the National Movement of the Iranian Resistance, suffered a broken leg, cuts, and burns when a car bomb exploded as he drove past the Royal Kensington Hotel in London. Several months later, on October 3, , Ali Tavakoli and his son Nader, both Iranian monarchist exiles, were found shot in the head in their London apartment. Although forced underground after the revolution, Ghassemlou and the PDKI were informed after the Iran-Iraq War that the Iranian government was open to conducting talks. The two met regularly until July 13 the following year, when a meeting was held that included Sahraroudi; governor of the Iranian province of Kurdistan Mostafa Ajoudi; an undercover Iranian agent, Amir Mansour Bozorgian; and the victims. At one point during the meeting, Rassoul and Ghassemlou proposed a break and suggested that the negotiations resume the next day. Soon after, gunshots were heard. In the shooting, the three Kurds were killed and Sahraroudi was injured. Mazeh, a Lebanese citizen born in the Guinean capital of Conakry, had joined a local Hezbollah cell in his teens. Though he was being watched by security agencies, he succeeded in obtaining a French passport in Abidjan, Ivory Coast, from an official later arrested by the French authorities in Toulouse. On April 24, , his car was forced off the road in Coppet, Switzerland, by two vehicles, after which two armed men exited one of the vehicles and opened fire. Again, a blue baseball cap was left at the scene, marking the third use of this call sign at the site of a suspected Iranian assassination. All in all, there were 13 suspects—all of whom had traveled to Switzerland on official Iranian passports. Most listed the same personal address, Karim-Khan 40, which turns out to be an intelligence ministry building. All 13 arrived on Iran Air flights, using tickets issued on the same date and numbered sequentially. One reason Hezbollah abducted French citizens in Lebanon was to secure the release of Naccache, who was imprisoned in France for the attempted killing. He had been sentenced to death by the Iranian Revolutionary Tribunal. They sent five of us to execute him. Naccache was released and deported to Tehran in a bid to improve relations with Tehran that would lead to the release of French hostages held in Lebanon. In its findings, a Berlin court ruled that the attack was carried out by a Hezbollah cell by order of the Iranian government. Armed with pistols, gas, guns, and mace, Darabi and his accomplices assaulted members

of the Iranian opposition group MEK, who were exhibiting books and pictures at the festival. Several MEK members were seriously injured. Eyewitnesses later testified that Darabi appeared to be the leader of the assault. However, the Iranian government intervened and asked Germany to allow Darabi to remain in the country. The source of these arms was never identified but was suspected to be linked to Iranian intelligence. German investigators later traced both the pistol and silencer to Iran. On the next morning, September 17, Rhayel and Haider purchased the bags they would use to conceal the weapons as they entered the Mykonos restaurant. Haider and an Iranian known only as Mohammad, who had previously been tasked with keeping the targets under surveillance, waited several blocks away with the getaway car. The car had been purchased several days earlier by Ali Dakhil Sabra, who had served with Amin and Rhayel in Lebanon and then come with them to Germany. Between the two assassins, 30 shots were fired. The assailants then fled on foot to the getaway vehicle. On September 22, , the bag containing the weapons and silencers was discovered, and tests revealed significant similarities between these weapons and those used in the assassination of Iranian dissidents Akbar Mohammadi in Hamburg in and Bahman Javadi in Cyprus in . The police also matched the serial number on the pistol used by Rhayel to a shipment delivered by a Spanish dealer to the Iranian military in . There, he was rewarded for his role in the attack with a Mercedes and participation in profitable business transactions. Darabi and Rhayel were sentenced to life in prison in Germany in April , while Amin and Mohammad Atris, a document forger who assisted the attackers, were given terms of 11 years and about five years, respectively. Iran responded to the placement of a plaque memorializing the victims of the Mykonos attack by displaying one of its own near the German embassy in Tehran denouncing Germany for arming Saddam Hussein with chemical weapons during the Iran-Iraq War. And along with the release of perpetrators Darabi and Rhayel, none of the Iranian leaders identified in the court judgment—Rafsanjani, Fallahian, Velayati, or Khamenei—were ever held to account for their roles in the attack. Indeed, several of these officials—in particular, Velayati—were involved in a number of international terrorist plots. The most recent request was made to Russia, where Putin hosted Velayati on July 12, , just a day after Assadi, the arrested Iranian diplomat was formally charged in Germany. Similar requests for his arrest made to the governments of Singapore and Malaysia were also ignored. In the wake of Iranian terrorist plots abroad in the late s, the U. This could include the breaking of relations, or the recall of ambassadors. For example, the U. The latest meeting, held in Quito, Ecuador, was convened by the United States and Europol and held under the auspices of Ameripol. Consider, for example, the series of Paris bombings or the hijacking of TWA flight , both carried out by Hezbollah but with the logistical support of Iranian agents, according to the National Counterterrorism Center. As authorities in Austria, Belgium, France, and Germany dig deeper into the Assadi affair, they are likely to determine fairly quickly, as investigators invariably did in previous Iranian plots, that these are not rogue actions, but the actions of a rogue regime. He is the author of Hezbollah:

Chapter 3 : NPR Choice page

OGAN Newsroom UPDATED AM PT 11:30 Wed. Oct. 17, A U.S. official is calling for several Cuban diplomats to be reprimanded for acting out during a recent United Nations meeting.

Voiced by Seth Green - He is good hearted, bodybuilder, muscle-bound, genius, bounty hunter, brave, fearless, super-strong, cool, master detective, master inventor, the master of breaking the fourth wall, master cooker and the master of disguise. Heroic is on a never-ending quest to reunite his family by defeating a group of non-hearted aliens known as the Alienators. Heroic loves eating healthy foods which keep the mask lifeform. But if he ate junk foods. He not stupid likes his family. He is the god of all heroes and the most powerful, unstoppable, unbeatable superhero in the town Angelopolis. Future Members Specials Happy Easter!: Captain Heroic and the gang begins their special Easter Holiday. As the Heroic Alliance begins their Easter funs, Heroic really does miss his family and wish there was here. The Heroic Alliance battles the aliens villains. However, things gets more crazy when they find out that they are in a hell-training room when they battles the Alienoids. As the Heroic Alliance begins their summer break at Angel Beach. However, its ruined by Captain Demon and his demon army. Now, the Heroic Alliance battles the demon army for ruining their summer break. The Masks of All Monsters!: Meanwhile, Captain Demon and Lord Zedd find a box which they unleashed a demon who can turn Halloween upside-down. The Heroic Alliance must stop a demon from can Halloween upside-downs which his turn Mary April into a mindless freak and runaway which Heroic, Jr. During the fight, the demon turn Yin and Yang into monstrous rabbits and turn most of the Heroic Alliance into monsters. Heroic, Danta, Spawn, Heroic, Jr. Eggman and the other members of the Demonic Alliance and even, Amanda Rosefield who has join the dark side! This is Halloween by Marilyn Mason. January 31, “ August 15, The Heroic Impostor Who would expect an escaped political prisoner would pose as a Spanish diplomat during WWII to save the lives of people in a country not his own? Giorgio Perlasca had the option to sneak away and pursue his personal safety, yet he chose to remain in order to give hope and heroic aid to over five thousand Jews. Under the power of Germany, Hungarian officials took Giorgio as a prisoner to be held with other foreign diplomats. Using a fake medical pass and the aid of a Swiss driver, Giorgio escaped his internment and traveled to the Spanish embassy in Budapest. He had witnessed what was happening to Jews during his business travels to other nations, and already over , Hungarian Jews had already been detained or deported to Auschwitz. Eventually, the Hungarian government realized that the Spanish officials had been harboring Jews in their houses and embassies and they began raiding the homes of diplomats. He left behind a note to Giorgio begging him to follow by using his newly neutral citizenship to escape. Knowing that without protection, many Jews would be killed, Giorgio decided to stay. Hungarian and German officials ordered the embassy to release all refugees. Despite the risk, Giorgio attended a meeting and announced that Sanz Briz was simply on leave. He took with him a letterhead he forged that appointed himself as the replacement Spanish ambassador. He was allowed to continue working. I did what I had to do. He made accommodations to preserve the health of those in his care by securing medicine and food on the black market. During those months, Giorgio also devised and tested a system using an old Spanish law that allowed Spanish born Jews full citizenship and protection. Giorgio began successfully issuing fake safe-conduct passes claiming that the Hungarian Jews were Spanish born Jews. Until we are able to reestablish communications and the journey back is possible, they will remain here under the protection of the government of Spain. Together they helped organize and secure the safe escape of thousands of Jews. When the Soviet forces gained control of Hungary the following month, Giorgio traveled to all of the safe houses he had set up telling them they were now safe. A man of bold character, Giorgio carried himself as if he was a protected diplomat. He continually and openly risked his life to save others. One day in December of , Giorgio snatched a brother and sister on a train platform who were destined for a concentration camp. A Nazi lieutenant colonel ran over to him with his revolver drawn, ordering Giorgio to release the boys. Giorgio was later informed that he had challenged the infamous Adolf Eichmann. Eichmann was the architect and lead organizer of the mass deportations to extermination camps in Eastern Europe. Later Giorgio appeared when some Nazi soldiers were leading a group of Jews to execution and used his bold charisma and feigned authority to demand that the soldiers release the prisoners to his care. He bested their arguments and eventually, they walked away leaving the Jews behind. Giorgio working to rescue Jews. Giorgio returned to his family in Italy and lived quietly among many Italians who were trying to forget the horrors of the holocaust. That was until when a group of rescued Hungarian Jews finally found Giorgio and began telling others of his heroic actions. In those five years before his death, Giorgio Perlasca would receive many honors for the heroic and selfless actions the world had nearly forgotten. He died at home as a celebrated hero on August 15th, There are not enough words to praise the tenderness with which you fed us and with which you cared for the old and the sick among us. You encouraged us when we were close to despair, and your name will never be omitted from our prayers. May the Almighty grant you your reward.

Chapter 5 : Heroic - Pt 5 on Vimeo

This is "Heroic - Pt 5" by Liberty Church on Vimeo, the home for high quality videos and the people who love them.

The regular use of permanent diplomatic representation began between the states of fifteenth century Italy. The Italian ministry was called "the Consulta. The term career diplomat is used worldwide [3] [4] [5] [6] [4] [7] [8] in opposition to political appointees that is, people from any other professional backgrounds who may equally be designated by an official government to act as diplomats abroad. Ceremonial heads of state commonly act as diplomats on behalf of their nation, usually following instructions from their head of Government. Function[edit] Diplomats in posts collect and report information that could affect national interests, often with advice about how the home-country government should respond. Diplomats have the job of conveying, in the most persuasive way possible, the views of the home government to the governments to which they are accredited and, in doing so, of trying to convince those governments to act in ways that suit home-country interests. In this way, diplomats are part of the beginning and the end of each loop in the continuous process through which foreign policy develops. In general, it has become harder for diplomats to act autonomously. Diplomats have to seize secure communication systems, emails, and mobile telephones can be tracked down and instruct the most reclusive head of mission. The same technology in reverse gives diplomats the capacity for more immediate input about the policy-making processes in the home capital. Secure email has transformed the contact between diplomats and the ministry. It is less likely to leak, and enables more personal contact than the formal cablegram , with its wide distribution and impersonal style. This section does not cite any sources. Please help improve this section by adding citations to reliable sources. Unsourced material may be challenged and removed. November Learn how and when to remove this template message The home country will usually send instructions to a diplomatic post on what foreign policy goals to pursue, but decisions on tactics " who needs to be influenced, what will best persuade them, who are potential allies and adversaries, and how it can be done - are for the diplomats overseas to make. In this operation, the intelligence, integrity, cultural understanding, and energy of individual diplomats become critical. If competent, they will have developed relationships grounded in trust and mutual understanding with influential members of the country in which they are accredited. They will have worked hard to understand the motives, thought patterns and culture of the other side. November Learn how and when to remove this template message The diplomat should be an excellent negotiator but, above all, a catalyst for peace and understanding between peoples. This role takes on heightened importance if war breaks out. Negotiation must necessarily continue " but within significantly altered contexts. Most career diplomats have university degrees in international relations , political science , economics , or law. The public image of diplomats has been described as "a caricature of pinstriped men gliding their way around a never-ending global cocktail party". Burton has noted that "despite the absence of any specific professional training, diplomacy has a high professional status, due perhaps to a degree of secrecy and mystery that its practitioners self-consciously promote. Also, international law grants diplomats extensive privileges and immunities , which further distinguishes the diplomat from the status of an ordinary citizen. Psychology and loyalty[edit] Further information: Clientitis While posted overseas, there is a danger that diplomats may become disconnected from their own country and culture. Sir Harold Nicolson acknowledged that diplomats can become "denationalised, internationalised and therefore dehydrated, an elegant empty husk". Anderson, *The Rise of Modern Diplomacy*, " , pp. *The State* vol 2 p Archived from the original on Archived from the original on 22 August Retrieved 18 November *The New York Times*.
