

Chapter 1 : Sizzler B-B-Q Catering

Sizzler BBQ Caterers serving all of Atlantic Canada. We cater indoor and outdoor events. You supply the location and we'll supply the rest.

Heat Transfer Logos are applied to products through the use of a paper-like transfer material with heat and pressure. This process is also used on material where it is not suitable to imprint more than 1 screen imprint color. Color matches will be matched to uncoated colors. Deboss Debossing imparts a more subtle effect than foil stamping or screen printing. This process is best utilized on vinyl and bonded leather. Artwork must be submitted electronically and a hard-copy color output must be mailed for color matching. Do not send 4-color separated art. Separations will be done in our art department. Exact color match cannot be guaranteed on 4-color process. We cannot accept the following: Original art size cannot exceed 11" x 17". We reserve the right to determine acceptability of submitted art. Please do not crease or mark on the photos to be used. Submit a sketch of the required layout with your order. Multiple Location Imprints For screen print and heat transfer, varies by item. For deboss and foil stamp, varies by item. Match Primary Bag Color We will match your imprint to product accent or trim color when requested. If the customer tape is used without any edits, the customer will not be charged. If the tape is unusable, we will contact the customer for further guidance. Co-branded bags are excluded from the editing option as vendor specifications and charges vary. If a customer-supplied tape is received and does not meet our embroidery specifications or requirements, we will make necessary edits to the tape see Required Edit Fee and e-mail the free proof for final approval before proceeding. This may add production time to your order 3mm left-right tolerance is our standard For stitch count estimates, contact BIC Graphic. Items will be inserted unless otherwise specified. Additional lead time may be required. They are packed in cases of 36, weighing approximately 18 lbs. Minimum order quantity is 36, available in increments of 1 after minimum purchase size. Laundering Bags and Headwear We recommend you do not wash or launder bags or headwear. Customization We can customize any existing bag or create a new look designed to your specifications. Call your distributor for a quote, lead time and minimums. Notice Fabric dye lots may naturally have some color variation. As a result, colorfastness of the material cannot be guaranteed. Genuine leather will have naturally occurring variations in color and surface. When imprinting on leather, the depth of the imprint and shade may vary throughout an order due to the characteristics in each individual hide. These natural variations are your assurance that it is genuine leather. Minimum Line Weights and Type Sizes Arial typeface is recommended, using a minimum 15 point font size. Minimum line weight is 2 point. The recommended type is 14 point, including reverse type. Anything smaller will not be legible. Lines must be at least. See page for stock foil colors. All non-standard imprint colors will be converted to the closest 4-color process match. A perfect match cannot be guaranteed. A 6-point font can be reproduced; however, it can appear disproportionate to the larger notebook cover area.
