Jun 16, Brandy rated it it was ok Recommends it for: People who are interested in Church History but who hate to read Recommended to Brandy by: Unfortunately, that is the only positive things I can say about the book. The history of Porter Rockwell could be really interesting. I really like following church history and would be interested in learning more about how Porter Rockwell played a part in all of it. This author was such a terrible I am giving this book 2 stars instead of 1 because this series got my dad to read, which is an amazing feat in and of itself and it got my dad to learn more about church history, another amazing feat. I felt like I was reading a child's book. Things like "then porter went to the river. He loved his boat. Him and his wife loved each other but had their differences. I did finish the first book. I will not be reading the others in the series. All in all, this was a very disappointing read. Finding proofreading errors in the first few pages kind of set the tone for the rest of the book. But hey, if you like harlequin-quality books, you might like this one. It really is a lame book. The only person more faithful and true to Joseph than Porter was Hyrum. Porter would have killed and did kill to protect Joseph from those who sought to harm him. He was an Angel to the Saints at that time. Sep 13, Andrew Nelson rated it liked it This historical fiction book was an interesting read. It was full of twists and turns. Although it was poorly written. The sentences were simple and too easily worded. The resilience that Porter has is just amazing to me. I have a respect and want to have the faith and courage that he has. I wish to be loyal like him and I got all of that from reading this first book of the series. I would definitely recommend this book to more youthful teens. Nov 17, Kasen Peterson rated it really liked it It was most gripping. It shows the life of Joseph Smith through a different perspective with Porter Rockwell. Jul 20, Audrey rated it it was ok It takes some pretty astounding ineptitude to make the story of Porter Rockwell mind-numbingly boring. And it is by the grace of the awesome subject matter only that I give this book two stars instead of one. For no reason, and for stupid reasons. I am not EVEN kidding. It takes some pretty astounding ineptitude to make the story of Porter Rockwell mind-numbingly boring. I can only assume Dewey thought this would come across as funny, and not as the plotline of a horrible fetish film. Maybe he was laughing inanely for no apparent reason when he wrote this little bit of cowpie romance, as his characters always do. I did not know who Porter Rockwell was before picking up this book. So I randomly picked this book up just to have something to read and I have to say I got sucked in. It is quite the story and it definitely leaves me wondering what is fact and what is fiction. Either way, Porter Rockwell had an interesting and crazy life. I learned a little bit more about what life would have been like for those early saints as Confession: I learned a little bit more about what life would have been like for those early saints as well. I read the whole series 4 books in 2 weeks on vacation

## Chapter 2 : The Porter Rockwell Chronicles, Vol. 1 by Richard L. Dewey

*Read the true story of Porter Rockwell in this exciting biographical novel series by an LDS best-selling author. A strong story holds reader interest and history comes alive for adults and teens alike.*

When Smith was publishing the Book of Mormon, Rockwell would work by picking berries at night and hauling wood into town in order to help pay for the publishing. Boggs, who was from Independence, moved to the house on the original City of Zion plot after he left office and the Mormons had been forcibly evicted from their homes and lands in Missouri by his Missouri Executive Order. Rockwell was later exonerated of all charges related to the attempted assassination of Boggs. The steeple of the Independence Temple by the Temple Lot is visible in the trees at the top of the hill. Rockwell was accused of attempting the assassination of Lilburn Boggs, the former governor of Missouri, who signed Executive Order 44 on October 27, known as the "Extermination Order" evicting Mormons from Missouri by violent and deadly means. A grand jury was unable to find sufficient evidence to indict Rockwell, [8] convinced in part by his reputation as a deadly gunman and his statement that he "never shot at anybody, if I shoot they get shot! Some people saw the assassination attempt positively: An anonymous contributor to *The Wasp*, a pro-Mormon newspaper though not an official publication of the LDS church in Nauvoo, Illinois, wrote on May 28 that "Boggs is undoubtedly killed according to report; but who did the noble deed remains to be found out. When asked how he could be so confident. Bennett, a disaffected Mormon, reported that Smith had offered a cash reward to anyone who would assassinate Boggs, and that Smith had admitted to him that Rockwell had done the deed. Mormon writer Monte B. McLaws, in the *Missouri Historical Review*, supported Smith, averring that while there was no clear finger pointing to anyone, Boggs was running for election against several violent men, all capable of the deed, and that there was no particular reason to suspect Rockwell of the crime. In , Rockwell was appointed as deputy marshal of Great Salt Lake City and remained a peace officer until his death. He was well known for his endurance, loyalty and relentlessness. He stayed with Lysander Dayton from Ohio in a village near the city one evening and Dayton invited Rockwell to dinner. Rockwell sent for a bottle of Valley Tan Whiskey and he and Burton drank shot for shot into the night with Rockwell outlining steps that Burton should take for safety during his passage to Sacramento. Rockwell advised Burton to carry a loaded double-barreled shotgun, sleep in a "dark camp" unlit, miles from where supper was cooked, to never trust appearances, and to avoid the main trail, where "White Indians" so-called because they were white robbers who disguised themselves as Indians to pass off blame preyed on travelers. He was brave and loyal to his faith. True to the Prophet Jos. A promise made him by the prophet. Through obedience it was fulfilled. Smith, nephew of Joseph Smith and future church president, spoke the following about Porter: They say he was a murderer; if he was he was the friend of Joseph Smith and Brigham Young, and he was faithful to them, and to his covenants, and he has gone to Heaven and apostates can go to Hell! Porter Rockwell was yesterday afternoon ushered into Heaven clothed with immortality and eternal life, and crowned with all glory which belongs to a departed saint. Through all his trials he had never once forgotten his obligations to his brethren and his God. Separating fact from legends, folklore, and myths concerning Rockwell is difficult for historians, in large part because Rockwell was only semi-literate and kept no personal diary. When his identity was confirmed, Smith was moved to say: I prophesy, in the name of the Lord, that you "Orrin Porter Rockwell" so long as ye shall remain loyal and true to thy faith, need fear no enemy. Cut not thy hair and no bullet or blade can harm thee. Upon hearing of a widow who was balding from typhoid fever, he gave up his famous long hair to make the woman a wig. In his build he was a gladiator; in his humor a Yankee lumberman; in his memory a Bourbon; in his vengeance an Indian. A strange mixture, only to be found on the American Continent. Rockwell, played by Gregg Palmer, touched on his Avenging Angel persona and his fight to live with the reputation he had as a gun fighter that could not be killed by any bullets. Rockwell, great-great-grandson of Rockwell.
