

Chapter 1 : The rise of white supremacy in America â€“ Erin Burnett OutFront â€“ - racedaydvl.com Blogs

Beware of the rise of Hindu supremacists in America Mere tokenism and lip service to progressive values accompanied by staged photo-ops, Facebook outrage and sophomoric speeches, however well.

Press members had to track down the event after it abruptly switched venues, and attendance was low, but the subject material was potentially explosive. A key battleground state, Colorado could determine the outcome of the tightly contested presidential race between Trump and his opponent Democratic presidential nominee Hillary Clinton. The "alt-right" was having a coming out party. The leaders of the alt-right movement -- Richard Spencer, Peter Brimelow and Jared Taylor -- eagerly expounded to members of the press on what the self-styled "radicalists" really want from American politics: The news made barely a ripple in a media cycle which saw it, amazingly, as simply more of the same type of remarks made all too common over the past year. Despite their recent "coming out," the alt-right has been around for quite a while. The common threads of anti-woman, anti-black, and anti-Semitic sentiment run deep, and over the past 12 months the public expression of such sentiments has become frighteningly acceptable. A video created by Media Matters features some of the highlights of the event in D. Even the opening remarks are disconcerting. Weinstein, who represents U. Stop the word of Christ? Your old nasty cunt Hillary is going to prison! We are many, We are legion, We are Anonymous. Spare a Jew from the grave, and he will insult the military that saved him. Maybe you can help me with my history prep for the GED. Did they really make your grandmother into soap? The anti-Semitic trolling is widespread and mainstream. A few months ago, the "echo parenthesis" appeared yet again in the form of an app designed to identify Jews on social media. The Anti-Defamation League recently analyzed a list of just under 20, explicitly anti-Semitic Tweets tagging around reporters and editors. Four fifths of the 45 million generated impressions were directed at just 10 journalists, with vivid imagery of concentration camps and vile language -- and thousands were retweeted by obvious alt-right accounts. Can all of this public anti-Semitism be laid at the feet of the alt-right? But the movement has made it socially acceptable to publicly express such views, emboldening others and building a wave of hatred and white supremacist racism that is frightening to behold.

Don't be fooled by the sad display of two dozen white supremacists in front of the White House. Racists are on the rise in our country.

Saito of the University of Southern California writes: S as a result. Psychologist Janet Helms suggested that the norming behaviors of social institutions of education, government, and healthcare are organized around the "birthright of I do not admit that a wrong has been done to these people by the fact that a stronger race, a higher-grade race, a more worldly wise race to put it that way, has come in and taken their place. Notions of white supremacy and Aryan racial superiority were combined in the 19th century, with white supremacists maintaining the belief that white people were members of an Aryan " master race " which was superior to other races, particularly the Jews , who were described as the "Semitic race", Slavs , and Gypsies , which they associated with "cultural sterility". Rosenberg promoted the Nordic theory , which regarded Nordics as the "master race", superior to all others, including other Aryans Indo-Europeans. The Menace of the Under-man. Die Drohung des Untermenschen The Nazis used the Mendelian inheritance theory to argue that social traits were innate, claiming that there was a racial nature associated with certain general traits such as inventiveness or criminal behavior. Apartheid and Baasskap A number of Southern African nations experienced severe racial tension and conflict during global decolonization , particularly as white Africans of European ancestry fought to protect their preferential social and political status. Racial segregation in South Africa began in colonial times under the Dutch Empire , and it continued when the British took over the Cape of Good Hope in Apartheid was introduced as an officially structured policy by the Afrikaner -dominated National Party after the general election of White racial advantages occur at both a collective and an individual level ceteris paribus , i. Legal scholar Frances Lee Ansley explains this definition as follows: By "white supremacy" I do not mean to allude only to the self-conscious racism of white supremacist hate groups. I refer instead to a political, economic and cultural system in which whites overwhelmingly control power and material resources, conscious and unconscious ideas of white superiority and entitlement are widespread, and relations of white dominance and non-white subordination are daily reenacted across a broad array of institutions and social settings. Some anti-racist educators, such as Betita Martinez and the Challenging White Supremacy workshop, also use the term in this way. The term expresses historic continuities between a pre-€ civil rights movement era of open white supremacism and the current racial power structure of the United States. It also expresses the visceral impact of structural racism through "provocative and brutal" language that characterizes racism as "nefarious, global, systemic, and constant". John McWhorter , a specialist in language and race relations, has described its use as straying from its commonly accepted meaning to encompass less extreme issues, thereby cheapening the term and potentially derailing productive discussion. He claims that the term should be reserved for those who are trying to promote the idea that whites are inherently superior to blacks and not used to characterize less blatantly racist beliefs or actions. The German philosopher Arthur Schopenhauer attributed cultural primacy to the white race: The highest civilization and culture, apart from the ancient Hindus and Egyptians , are found exclusively among the white races; and even with many dark peoples, the ruling caste or race is fairer in colour than the rest and has, therefore, evidently immigrated, for example, the Brahmans , the Incas , and the rulers of the South Sea Islands. All this is due to the fact that necessity is the mother of invention because those tribes that emigrated early to the north, and there gradually became white, had to develop all their intellectual powers and invent and perfect all the arts in their struggle with need, want and misery, which in their many forms were brought about by the climate. Many white supremacist groups are based on the concept of preserving genetic purity, and do not focus solely on discrimination based on skin color. It was combined with a eugenics programme that aimed for racial hygiene through compulsory sterilization of sick individuals and extermination of Untermenschen "subhumans": Slavs , Jews and Romani , which eventually culminated in the Holocaust. Some white supremacists identify themselves as Odinists , although many Odinists reject white supremacy. Some white supremacist groups, such as the South African Boeremag , conflate elements of Christianity and Odinism. Creativity formerly

known as "The World Church of the Creator" is atheistic and it denounces Christianity and other theistic religions. Widespread access to the Internet has led to a dramatic increase in white supremacist websites.

Chapter 3 : Donald Trump Racist groups traffic spike - POLITICO

Rallies across U.S. protest white supremacists Tens of thousands repudiate racism and white nationalism, a week after racially-tinged bloodshed by neo-Nazis in Charlottesville, Va.

Share According to the Dharma Shastras, travelling abroad or crossing large bodies of water Samudrolanghana was sufficient cause for chaste Brahmins to be downgraded in the social hierarchy or lose their caste. Elaborate purification rites had to be performed to ward off the polluting effect of overseas travel. With the advent of globalisation, the scriptural injunction against travelling overseas has been discarded for the sake of improved career prospects, unlike the beef ban enacted in several Indian states - an ominous precursor to the nascent Hindu Rashtra. The Rashtriya Swayamsevak Sangh, Vishwa Hindu Parishad and other organisations that fall under the umbrella of the Sangh Parivar have grown roots in the United States and are active in fundraising and propaganda activities. Reuters "Whataboutery" is the preferred mode of argument of the Hindu Right. According to this logic, cracking down on Hindu terrorists for lynching Muslims or murdering Dalits is hypocritical unless one also speaks out against atrocities being perpetrated against the Hindu minority in Bangladesh and Pakistan, and the displacement of Pandits from Kashmir. The pea-brained foot soldiers of the saffron brigade are unaware or ignore the fact that all the "secular" journalists, and major news organisations, both Indian and international, have vehemently spoken out on those issues and continue to do so. Yet, a few years later, Gabbard tabled a resolution that focused on the neighboring state, Muslim-majority Bangladesh, saying she was "particularly concerned over issues of religious freedom, and specifically, attacks against minority Hindus, Christians, Buddhists, and others" in the country. In recent months, Gabbard has emerged as a de facto spokesperson for Syrian mass murderer Bashar Al-Assad, vigorously defending his brutal regime, to the point where she has denied his undisputable role in the chemical weapons attack in April, killing dozens of people, an act so heinous it was condemned by hawks in the GOP. The rationale for refusing to endorse the VHP should be clear to anyone with even cursory knowledge of Indian politics. The VHP was a prominent player in the demolition of Babri Masjid and the communal mayhem that followed, expeditiously creating a fertile environment for the ascension of the BJP. Race pride at its highest has been manifested here. Germany has also shown how well-nigh impossible it is for Races and cultures, having differences going to the root, to be assimilated into one united whole, a good lesson for us in Hindusthan to learn and profit by. They operate close to 2, akhadas, similar to the shakhas branches of the RSS. In another incendiary video, he says it is the duty of Hindus to murder a hundred Muslims for every one Hindu killed. Do they agree with him? By championing groups like the VHP, they are clearly attempting to normalise the Hindu supremacist discourse in the West. In this they are eerily similar to the Alt-Right - white nationalists currently dominating politics in the US. Like rightwing populists the world over, both groups champion cultural purity in their ancestral homelands and long for a return to "traditional values" ostensibly under siege by liberals, leftists, seculars and minorities. A techie-turned-Hindutva-rabble-rouser based on the East coast of the US, Rajiv Malhotra, regularly goads his troll army into attacking academics, journalists and public figures deemed "anti-national". These online lynch mobs are known to make death threats and rape threats to soft targets and folks not inclined to wrestle with trolls in the sewers of right-wing hate politics. Malhotra has also been accused of plagiarism by Andrew Nicholson, a senior Indologist from whose writings he has lifted massive portions without attribution and distorted them to suit his agenda: Then they can decide for themselves whether he is improving upon my work or merely distorting and dumbing it down to fit his own Hindutva worldview. I was warned ominously by one of his supporters "not to come to the Durga Temple in Virginia. The Durga Temple, to their great credit, did not waver in the face of considerable intimidation and I refused to pull out". I refuse to be silenced by fear or be forced to whisper my dissent in the corners of meeting halls. I will not cede to Malhotra the authority to be the arbiter of Hindu orthodoxy History is littered with the tragic consequences of religious authoritarianism and with individuals who claim the right to judge and condemn others. The profound and unapologetic Islamophobia has emboldened white supremacists across the land and led to a spate of attacks on people of colour, including the murder of Indian immigrant Srinivas Kuchibhotla.

One wonders why the HAF does not speak out against fanatics like Adityanath and his ilk who claim to speak for all Hindus. Either unite, together, over shared values and need for security against a common enemy - the attackers themselves. Or, allow anger and scapegoating to divide from within and paint entire, innocent communities as enemies. The latter is exactly what the enemies want - Hope for overreaction and strong crackdown, especially on minorities and Muslims. Eliminate all grey zones. It would seem so; Sadhana: The Coalition of Progressive Hindus, a non-profit organisation started by New York-based activist Sunita Vishwanath, has positioned itself as a voice against these forces. They publicly criticised the recent appointment of Adityanath as the chief minister of Uttar Pradesh. Non-profits have a mixed reputation in both India and the West. A portion of the funds raised by Hindu supremacist outfits in the West are funnelled into terrorist activities back home while the left has often been accused of using public funds to feather its nest. Well-known activist Teesta Setalvad has been embroiled in a misappropriation case for many years, accused of pilfering funds from her NGO, ostensibly meant for delivering justice to Gujarat riot victims. One thing is undeniable; Hindus in the diaspora and in India could definitely use a progressive voice to counteract the idea of a Hindu Rashtra - a sovereign Hindu state in which minorities would be relegated to second class status or worse, stripped of citizenship and voting rights as "Guru" Golwalkar, Subramanian Swamy and their ilk have stated frequently. It is too early to say if Sadhana will end up as another cautionary tale in the world of non-profits, or whether it has the commitment and integrity to make a significant impact. Mere tokenism and lip service to progressive values accompanied by staged photo-ops, Facebook outrage and sophomoric speeches, however well-meaning, will probably not do much to stem the tide of sectarian bloodlust and toxic nationalism that threatens to engulf the land. Chapter 4 : The Rise Of The Alt-Right: White Supremacy And Anti-Semitism Go Mainstream | HuffPost

According to reports, there are 8 white supremacists running for office in Patrick Little (CA-Sen), Arthur Jones (IL), both featured in the report above, and six others, including Paul Nehlen (WI) and Corey Stewart (VA-Sen).

His Pike County trip was part of broader preparation for , when his party was planning to field six candidates in local elections in Indiana, Kentucky, Tennessee, North Dakota and Texas. Towson University, where he graduated in , was majority white. It was one of the safest public universities in Maryland, but Heimbach would lead journalists around campus at night as he and his friends patrolled with flashlights in search of black crime. When students and faculty protested this behavior, Heimbach claimed the rallies against him were proof of anti-white bias. The outrage brought in television cameras and left his classmates of color deeply anxious. At a campus town hall meeting, Evans recalled, Heimbach had said: Everyone knew Heimbach had a gun. Evans said he had received a death threat at his college graduation, and walked across the stage fearing that he would be shot in front of his mother and his girlfriend. But students on campus truly believed that the group was much bigger, Munshaw said “ and they were terrified. To the national media, the campus conflict was irresistible. The National Socialist Movement. The neo-Confederate League of the South. His argument, Lenz said, is: Heimbach had only been a white nationalist in college. But supporters of his White Student Union responded by sending him books in the mail that helped shift his views about the Holocaust. He said Heimbach had denied having a wealthy patron who funded the trips. Heimbach said he paid for the trips himself, with some contribution from his party, and that he kept costs low by staying with other far-right activists. Almost immediately, he and his group caught the attention of a Trump protester in the crowd. She described watching Heimbach move through the crowd before the speech, handing out literature, trying to recruit Trump supporters for his Traditionalist Worker movement. He was circumspect, as usual, talking about workers losing jobs. The protester said Heimbach and his group had insinuated their way into the middle of the crowd, and when a moment of tension arrived they suddenly turned violent, and other men around them mirrored their behavior, shouting, pushing, furious. Trump, from the stage, had called: Next, an older man in a Korean war veterans uniform shoves her, follows her for a few steps and shoves her again. Three protesters are now suing Heimbach and a Korean war veteran over this violence “ and suing Trump for inciting the violence. A federal judge recently ruled that the case could move forward, writing: He blamed his behavior on being caught between black protesters and white supremacists, though he acknowledged that was no excuse. In a blogpost afterward , cited in court filings, Heimbach wrote: One features yours truly helping the crowd drive out one of the women who had been pushing, shoving, barking, and screaming at the attendees for the better part of an hour. In court filings, he had denied that he behave improperly, but also argued that Trump should be held responsible for his behavior. Heimbach was charged with harassment, a misdemeanor, and was recently served a summons to appear in court. EnglandYoureDrunk For decades, American neo-Nazis have been trying to break into the mainstream by running for local political office, as Heimbach is now hoping his supporters can do. George Lincoln Rockwell, the head of the American Nazi party, told a journalist in that he expected he would be elected president by on a national socialist ticket, pushed to victory by a dramatic economic collapse. Instead, he was murdered by one of his own supporters outside a laundromat in Far-right parties in Europe have had more political success. Amid the Greek debt crisis in , Golden Dawn, a violent neo-Nazi party known for beating attacks on immigrants and people suspected of being gay or on the left, captured the third largest number of seats in the Greek parliament. Heimbach has met with far-right nationalists across Europe, he said, including three visits with Golden Dawn over the past three years. He calls himself a friend of the British neo-Nazi group National Action, which was banned in December after the home secretary dubbed it a terrorist organization. Heimbach can put on a show of moderation. In interviews and speeches to other neo-Nazis, Heimbach is less circumspect, quoting Goebbels and speaking fondly of Mussolini. He has expressed sympathy for the racist killer Dylann Roof and praised white supremacist Norwegian mass murderer Anders Breivik. Three other white families who support their views have moved to Paoli to join them, Heimbach said “ two from northern Indiana, one from

Virginia. They try to get together weekly for board game nights and home-brewed mead. Almost none of the consequences he has faced for his activism seem to faze him. Heimbach says he was excommunicated by his Eastern Orthodox church for his racist beliefs. His family cut him off after he became famous for founding the White Student Union. By his count he has been fired from seven jobs, including a position as a trainee case worker at the Indiana department of child services. He claimed this was a punishment for his political convictions. After the coverage of his White Student Union, his family “ who did not respond to requests for an interview for this article ” confronted him in a phone conversation. And I said to them, this is choosing my family, because I want my siblings and their grandchildren to have a future. That evening, a convoy of about 20 cars had wound from the parking lot of a Walmart through narrow Kentucky back roads, past small houses flying the Confederate flag. White residents stood at their front doors or on their porches, watching silently as the cars passed.

Chapter 5 : White supremacy: Are US right-wing groups on the rise? - BBC News

The white supremacists that marched with torches, carrying Nazi and Confederate flags through the streets of Charlottesville was not an isolated incident, but rather a movement gaining momentum.

In outright defiance of the Republican-led federal government, Southern Democrats formed organizations that violently intimidated blacks and Republicans who tried to win political power. Originally founded as a social club for former Confederate soldiers, the Klan evolved into a terrorist organization. It would be responsible for thousands of deaths, and would help to weaken the political power of Southern blacks and Republicans. Racist activity in the South often took the form of riots that targeted blacks and Republicans. In 1892, a quarrel between whites and black ex-soldiers erupted into a full-fledged riot in Memphis, Tennessee. White policemen assisted the mobs in their violent rampage through the black sections of town. By the time the violence ended, 46 people were dead, 70 more were wounded, and numerous churches and schools had been burned. Just two months later, on July 30, a similar outbreak of violence erupted in New Orleans. This time, a white mob attacked the attendees of a black suffrage convention, killing 37 blacks and three whites who allied with them. In this violent atmosphere, the Ku Klux Klan grew in size and strength. By 1865, the Klan had evolved into a hooded terrorist organization that its members called "The Invisible Empire of the South. In the name of preserving law and order in a white-dominated society, Klansmen punished newly freed blacks for a variety of reasons, including behaving in an "impudent" manner toward whites. But first and foremost, the Klan sought to do away with Republican influence in the South by terrorizing and murdering its party leaders and all those who voted for it. The election, which pitted Republican Ulysses S. Grant against Democrat Horatio Seymour, was crucial. Republicans would continue programs that prevented Southern whites from gaining political control in their states. Klan members knew that given the chance, the blacks in their communities would vote Republican. Across the South, the Klan and other terrorist groups used brutal violence to intimidate Republican voters. In Kansas, over 2, murders were committed in connection with the election. In Georgia, the number of threats and beatings was even higher. And in Louisiana, blacks were killed as the election neared. In those three states, Democrats won decisive victories at the polls. People realized that harsher laws would have to be passed in order to stop the violence and protect Southern blacks. And those laws were soon in coming. In the presidential election, Republican Ulysses S. Grant won the office with the slogan, "Let Us Have Peace. Many Northerners, disgusted by Klan violence, lent their support to the Fifteenth Amendment , which gave the vote to black men in every state, and the First Reconstruction Act of 1867, which placed harsher restrictions on the South and closely regulated the formation of their new governments. Other legislation attacked the Klan more directly. Between 1867 and 1875, Congress passed the Enforcement Acts, which made it a crime to interfere with registration, voting, officeholding, or jury service of blacks. More than 5, people were indicted under these laws; a little more than 1, were convicted. In 1870 Congress also passed the Ku Klux Klan Act, which allowed the government to act against terrorist organizations. Grant did not rigorously enforce these laws, although he did order the arrest of hundreds of Klan members. But with the overwhelming support of the Klan in the South, convictions proved difficult to obtain, and the financial panic of 1873 would distract the North from the problems of Southern racism.
