The reader senses his frustration as he and his little brother make a snowman from the black, dirty snow. All of this changes, however, when the snowman suddenly comes to life after the brothers unknowingly drape him in a small piece of a magical kente, which is a type of cloth historically worn by African storytellers. Jacob learns from the snowman of the rich history being black presents, and in the process begins to see his cultural heritage in an entirely new light. Other suggested titles about Christmas around the world: Kimmel Holiday House This story is a wonderful introduction to the symbols and traditions typically associated with Hanukkah or Chanukah. Meet Hershel of Ostropol, a clever traveler who outwits a group of Hanukkah-hating hobgoblins who terrorize the residents of a small village each holiday season. Although fictional, this story serves as a retelling of the struggle ancient Judeans endured against the Syrians, who refused to let them worship in the way they wanted, and incorporates the same Hanukkah traditions enjoyed by those of the Jewish faith still today. Other suggested Hanukkah titles: Kimmel My First Kwanzaa, by Deborah Chocolate Scholastic This story is an excellent introduction to the Kwanzaa holiday, and some of the traditions which are associated with it. For older students, these traditions may be compared and contrasted to the traditions of other winter holidays. Other suggested titles about Kwanzaa: Seven Days of Kwanzaa, by Angela Shelf Medearis Kwanzaa, by Deborah Chocolate My First Kwanzaa, by Karen Katz slide 3 of 3 While the books offered above are perfect for introducing diversity into the classroom during read aloud time, you may also wish to consider having a section of holiday multicultural books for children available in the classroom.
