

Chapter 1 : Life Changing Book Lists

And then there are books that seem to speak directly to the soul - life-changing books that make you question your core beliefs, staying with you long after you've finished reading. These 10 masterpieces fall into the second category.

These books are not in any particular order. Each one is written out as it came to me. The magic of Harry Potter has had such an influence on my life that my best presents from Dan have all been related to Harry Potter. And he proposed with a hollowed-out Harry Potter book. I read a lot of books that year, but Little Women was the longest. I was scared, I was fat, and I took solace in books. It was better for kids to know me as a reader than as the fat, sick kid. Only as an adult do I realize that kids liked me because I was nice, not because I was smart and a good reader. Candide Candide might be the only piece of French literature that I read in my French classes and understood really well. I grasped a bit here and there after careful study. And with the help of my professor and peers, I even understood the social commentary. The Chronicles of Narnia This also counts as one book. I first read these in elementary school and enjoyed them just as fantastical adventures. The only allegory I really grasped was Aslan as God. I reread it for funsies multiple times. The movie is one of the few films that is as good as the book, which is almost impossible with a book that incredible. Jesus Feminist Sarah Bessey found the words to describe the inexplicable way that my faith and my feminism are intertwined. A Year of Biblical Womanhood Rachel Held Evans spent a year living biblically, alternately attempting to follow both the spirit and letter of the law. Like with all great books, I laughed. I have since then purchased almost all of her novels. In fact, Philippa Gregory has been my favorite author now for years. I read it in different parks in Paris. This was my first time reading a fictional account of a Bible story. Did you participate in this Facebook meme? What books have stayed with you over the years? Linking up with The Circle for my own variation on my favorite books.

Chapter 2 : My Top Ten Life-Changing Books - Belle Brita

Are you looking for books that will change your life? Are you wanting to get leverage on yourself, and make real changes, but you'd love a guide to assist you? The most important book I've ever read, and the book that has helped me most to build successful businesses, write a book and create an.

Author and Blogger at www. Unless you are determined to be miserable which, strangely enough, some people are, these books will change your life for the better. If you want to change your outlook on life, change what you read and put it into practice. Click on the titles to order a copy for yourself, then mark them up and put them into practice. The book has sold well over 10 million copies and has been consistently listed as one of the most influential books ever written. As *A Man Thinketh* by James Allen - Although you could probably finish this little booklet in less than an hour or two, its words are powerful and profound. If no useful seeds are put into it, then an abundance of useless weed seeds will fall therein, and will continue to produce their kind. Embracing our vulnerabilities is risky but not nearly as dangerous as giving up on love and belonging and joy--the experiences that make us the most vulnerable. Only when we are brave enough to explore the darkness will we discover the infinite power of our light. *Les Miserables* by Victor Hugo - Does this book really need any explaining? His lecture was structured around the hypothetical question: Because time is all you have. *The Road Less Traveled* by M. Scott Peck - Where do I start? This book is honestly one of my absolute favorite books of all time. For example, consider this: It is filled with supportive and thoughtful suggestions on how to live a more peaceful life. To hold on is to be serious and uptight. To let go is to lighten up. He walks seven paths, each teaching a lesson symbolized by an element of the natural world: While this book can get a little mystical, it does a really good job at explaining how our mental outlook can affect all areas of our lives for you business types, I would also recommend *Think And Grow Rich* by Napoleon Hill. *The Chronicles of Narnia* by C. But this book provides some great, practical advice on working with and helping people. Your words are eloquent but they are mere words. True wealth is of the heart, not of the purse. *The Great Divorce* by C. Lewis - In this allegorical story, a busload of sinners leave the depths of hell to see what heaven might be like. When they get there, they are told that they can stay in heaven if they can give up the sins that are holding them back. Through an array of characters struggling with different vices, C. Lewis masterfully illustrates that, more often than not, we are the very things that are holding ourselves back. *The Shack* by William P. What happens next is a spiritual journey of love and forgiveness that forever changes his life. *The Book of Virtues* by William J. Bennett - This book is a massive collection of some of the greatest stories ever told. I actually have a copy of it on the corner of my desk right now--one of the stories in that book changed my life. But I believe that many religions contain incredible, invaluable, time-tested truths--and we would be foolish to simply ignore them.

Chapter 3 : Top 10 Best NonFiction Books - List Of Life-Changing Books

In this article I will enlist the top 10 life changing books based on my own reading. There may be many good self-help books that I've yet to read, so this is not an end-all list. So here's a list of some of my favorite books, that have given me deep insights on self-realization, making my life more productive and abundant.

Scientists have proved that reading fiction can change your life Image: Emory University in the US found that reading triggers chemical changes in your brain. Reading about something can trick your mind into thinking you really did it, creating a kind of muscle memory that influences your mind for days. So when someone says a book changed their life, they might not be exaggerating. Try it out with my Top 10 thought-provoking reads

The Lovely Bones by Alice Sebold This harrowing tale of rape and murder was an instant bestseller when it was released thanks to its unconventional narrative technique. Susie, the murdered schoolgirl watches from the afterlife as her distraught family try to come to terms with her death. Very humorous at times, it of course gives an ultimately tragic view of a horrendous and futile conflict. Unlike many war stories, it focuses not on tales of bravery but on the psychological state of those involved. The fact that it is told from the other side – that of the Germans – provides an extra twist for a British reader. But it was this, his second novel that really touched me in fact, it made me cry – in public, on a bus! It is story of two women, born a generation apart in vastly different circumstances but forced to live together as the wives of a cruel and selfish husband. While books frequently allow you to put yourself in the shoes of the main protagonist, what this one does is remind you how different the world can look through the eyes of someone else.

The Help by Kathryn Stockett Set in Jackson, Mississippi, *The Help* uses the voices of its female protagonists to tell a story of the black domestic workers during the height of the American civil rights movement. But in addition to the politics, racism, cruelty and bitter unfairness that lace the tale, is a message of affection, solidarity and friendship. It will make you angry, yes, but it will also make you laugh and – in the end – smile with satisfaction and triumph. Slowly it develops from a domestic drama to psychological thriller in which you never quite know whether to trust the main character as his paranoia seems to spiral out of control. But at its heart is a classic McEwan tale of mundane life and the unremarkable normality of love and relationships. This dystopian novel takes you to a world where sex is controlled and sanctioned only for procreation and *The Bible* has become a type of legal constitution. And her fate will continue to play on your mind, long after the drama is over. With more than a passing resemblance to real-life situations, it makes for an astute and often near-the-knuckle read. With the witch doctors, disenchanting revolutionaries, hallucinogenic drugs and a president with rubber testicles, tragedy rubs along with comedy in this lively read. The language veers between straight narrative to almost poetry in places. Which books have changed YOUR life? Come and tell us at www.

Chapter 4 : Top 10 books to change your outlook on life - Mirror Online

Well, there's a multitude of books that could come under the umbrella tag of 'life changing'. And of course, everyone has their own opinion of what such a book might be.

Getty Images The magical thing about books is that they have the power to change your life. The right book at the right time is priceless. Or you can gain the inspiration you need to change something in your life. The new year is the perfect time to make an intention to read more books. Some are new, others are timeless classics. Some will challenge your idea of entrepreneurship, and others will challenge your personal status quo. This book will change your outlook on life while helping you become a more likable person. Santiago sets out on an adventure to a far away land in search of treasure. During his travels, he meets strangers, discovers the treasures hidden within, and learns the importance of listening to the wisdom of his heart. This book explores how having a clear purpose and mission can propel you to the success you want, both in life and in your business. The Lean Startup by Eric Ries The "lean methodology" has helped hundreds of entrepreneurs bootstrap businesses and scale them with minimum time, money, and resources. This is a great book for solo-entrepreneurs and startups alike. Read this dynamic book to become a better leader or entrepreneur. Masters and Thiel provide insight on how unicorns are made, and how key principles can impact your success. The Dip by Seth Godin The "dip" is the period of time after you launch and enjoy some early success when things get really hard. Ultimately, the dip is the most important period for you to get through in order to find success. This book empowers you with a stronger awareness of what that period means and the perspective to overcome it. If you want to join the ranks of great leaders, read this book and master the art of crucial conversations. The Power of Habit by Charles Duhigg Ever wonder why the most successful people talk about their habits? This book will teach you the biological origins of habit, and how to use psychology and evolutionary biology to undo bad ones and replace them with new routines that will fuel your success. Tribes by Seth Godin Seth Godin is a legend in the marketing industry, and this book is one of his best. The 4-Hour Workweek by Tim Ferriss Tim Ferriss provides a blueprint for escaping the daily grind through outsourcing and automation, so you can live the life you want instead of waiting to retire. This book will inspire you to design the life you want, and empower you with tools to build that life. The 7 Habits of Highly Effective People by Stephen Covey This classic, seven-pronged approach encourages you to find your "true north," move out of inertia, and accomplish your goals. The Inner Game of Tennis by Timothy Gallwey Instead of focusing on technique or skill, author Timothy Gallwey encourages readers to discover their potential through the practice of concentration, mindfulness, and breaking bad habits. Think and Grow Rich by Napoleon Hill A classic by business luminary Napoleon Hill, this book details and condenses the lessons obtained over 20 years of studying successful leaders into "laws" that can be applied to achieve success in any line of work. Mindset by Carol S. Dweck Do you have a fixed mindset or a growth mindset? Author Carol Dweck examines this mindset dichotomy, and how success is influenced by our approach to life and how we approach achieving our goals. Thrive by Arianna Huffington In this manifesto, the co-founder and former editor-in-chief of the Huffington Post challenges the way we think about success, asserting that there is more to life than the pursuit of money and power. The Tipping Point by Malcolm Gladwell This book details how little changes can lead to a "tipping point" where products, ideas, and behaviors can spread like a virus. Rework by Jason Fried and David Heinemeier Hansson The founders of Basecamp formerly 37signals wrote this startup playbook for the modern world, challenging readers to defy the status quo, simplify the way they work, and take action in pursuit of their dreams. The benefits of diversified knowledge This year, try to read books that go beyond just business. Your world will expand when you read about different people, places, and principles. Remember that inspiration can come in unexpected ways and from unexpected sources. You never know, one of these books could change your life. Several of them changed mine. Jan 26, More from Inc.
