Chapter 1 : Unto a Good Land - David Edwin Harrell Jr. : Eerdmans

"Unto a Good Land offers a sound general history of the American people and an unusually perceptive understanding of how religious matters have been important in that history. This combination makes this text distinctively useful.

Written by a team of highly regarded historians, this textbook shows how grasping the uniqueness of the American experiment depends on understanding not only social, cultural, political, and economic factors but also the role that religion has played in shaping U. While most United States history textbooks in recent decades have expanded their coverage of social and cultural history, they still tend to shortchange the role of religious ideas, practices, and movements in the American past. Unto a Good Land restores the balance by giving religion its appropriate place in the story. This readable and teachable text also features a full complement of maps, historical illustrations, and In Their Own Words sidebars with excerpts from primary source documents. Customer Book Reviews Love it! By Andrea on Jul 29, This book was in decent condition and came right in time for my class! Considering how cheap it was I was shocked at how well a paperback had held up! Saved big on textbook purchase My daughter needed this book for a college class. The book was practically brand-new. Would do this again. We also got very fast shipping. Shipping was quick and descriptions were accurate. Excellent price By Karol78 on Sep 26, Fast shipping.
